RE: Mobility and Access Pricing Study

At your April 8 meeting, staff from the San Francisco County Transportation Authority will be present to describe their Mobility, Access and Pricing (MAP) Study – a study to determine the feasibility of using a comprehensive congestion-pricing program to improve mobility in San Francisco.

Their presentation will include a brief description of a complementary effort focused on congestion management and replacement of Doyle Drive. The Doyle Drive Value Pricing Program is the centerpiece of the San Francisco Bay Area's Urban Partnership program, which could bring as much as \$159M in congestion management improvements to the region.

Attached is a copy of the PowerPoint presentation for the meeting, as well as a copy of their newsletter.
