RE: MCAC's Report to the Commission

At its last meeting, MCAC began the discussion of its report to the Commission this fall. Since that time, the July agenda has been revised to include a larger discussion of the Transportation 2035 investment priorities. This means we will have a shorter timeframe devoted to formulating the MCAC work plan at the July meeting.

I'm suggesting MCAC focus its attention during this meeting on finalizing its report to the Commission, and then complete the 2008-09 work plan at our September meeting. This means MCAC would make its report to the October Legislation Committee meeting instead of September.

I am attaching a draft of a proposed report to the Commission for your review. If you have any questions or suggestions that require my attention prior to Tuesday's meeting, please let me know.
