Transportation 2035 Equity Analysis Subcommittee

FR: Pam Grove

W.I.: 1114

RE: 2008-09 Work Plan Items for the Transportation 2035 Equity Analysis Subcommittee

At last Tuesday's meeting, MCAC asked the T2035 Equity Analysis Subcommittee and the Lifeline Subcommittee to meet for further discussion of their work plan items.

Below are some proposed items for inclusion in MCAC's Work Plan. We will discuss them and any other proposals from subcommittee members and finalize the list to bring back to the full MCAC meeting in October.

1. Transportation 2035 Equity Analysis Subcommittee

- Review Draft Transportation 2035 Equity Analysis
Measurable Objective: Submit memo to MTC staff and Commission with comments on the Draft Transportation 2035 Equity Analysis before end of comment period.
- Public Participation: Assist MTC staff in updating its contact data for minority media, churches and community groups
Measurable Objective: Submit at least five new community and/or faith-based organizations from each county for entry into MTC's contact database.
- Possible Short-Range Equity Snapshot Analysis – *Measurable Objective: This is a possible analysis under discussion by the subcommittee and MTC staff and is still to be determined.*
