Re: October 24 Joint Advisors Workshop

Last week you should have received an email from Ursula Vogler requesting your help in formulating “next steps” on the Transportation 2035 Plan at a joint advisor workshop:

When: Friday, October 24, 10 a.m. to 12 noon

Where: MTC's Auditorium, 101 Eighth St., Oakland

Who: interested advisors from all three advisory committees, plus MTC's Therese McMillan and Doug Kimsey (the discussion will be facilitated by Kendall Flint of PMC)

We've noted all along that infrastructure alone will not enable our region to meet ambitious goals for climate protection, air quality, equity and congestion relief. The 2035 Plan also must include some additional actions the region will need to take if we are to make progress in keeping our transportation system in a state of good repair, upgrading transit performance, reducing driving (and associated hydrocarbon emissions), and the like.

Requested Action: Please RSVP to Ursula Vogler (510.817.5785 or uvogler@mtc.ca.gov) or to your advisory committee staff liaison.

Other key presentations on these next steps include:

Oct. 27 – Partnership Technical Advisory Committee

Nov. 10 (tentative) – Partnership Board

November 14 – MTC Planning Committee
