RE: Draft 2009 Legislative Program

Attached for your review and comment is a proposed program for the 2009 state and federal legislative sessions. As part of our consultative and advisory process, members of the Bay Area Partnership, transit operators and MTC's various citizen advisory committees will review the draft program. It contains ideas for legislation that MTC would seek to sponsor as well as legislative ideas for MTC to go on record as supporting.

The attached draft legislative program has a number of ideas for your consideration and comment; we seek additional ideas from the Committee for inclusion into a final program, which will come before the Legislation Committee in December before going to the full Commission for approval.
