RE: Staff Report – December 2008

Transportation 2035 Update

The Transportation 2035 Draft EIR and the Transportation 2035 Draft Plan are scheduled to be released later this month (target date is December 18). Watch your mailbox for a postcard announcing the release of these documents and two upcoming public hearings to receive comment on the drafts. In addition, both draft documents will be available on MTC's Web site.

Advisory Recruitment Update

Applications received during the recent vacancy recruitment have been forwarded to the appropriate Commissioners for their review. We expect the Commission to make appointments in January.

Ethics Training

This is your final reminder that your certification for completion of ethics training is due in December. I have again attached information on how you can complete the online training. Please see me if you have any further questions or need assistance.

Election of Officers

We will hold election of officers next week, and a list of the current nominees is included in this packet (see Agenda Item No. 4). If you or someone you know still wishes to nominate or be considered for chair or vice chair, please contact me immediately so that I may add those names to the ballots.
