REGIONAL MEASURE 2 PROGRAM Project Specific Conditions

Project Title: The BART Extension to Warm Springs Project
Sponsor: San Francisco Bay Area Rapid Transit District
Project Number: 31.2

The allocation and reimbursement of RM2 funds for the above project are conditioned upon the following :

1. Receipt of these funds by the Bay Area Rapid Transit District is conditioned on working cooperatively with MTC and the relevant local jurisdictions to encourage Transit-Oriented Development with the goal of assuring that an appropriate number of residences, jobs, services and other activities will be planned for and located within proximity to the rail service.
2. BART may invoice MTC for eligible project expenses as frequently as monthly, in accordance with the cash flow plan.
3. Utility relocation will be limited to the project boundaries between Paseo Padre and Washington Boulevard.
4. The Bay Area Rapid Transit District (BART) shall spend allocated Traffic Congestion Relief Program (TCRP) funds before RM2 funds on segments of the project where TCRP funds are scoped and eligible. On segments of the project where the TCRP funds are not scoped and eligible, RM2 funds shall be available to proceed with RM2 funding reimbursements.

On February 25, 2009, the Commission approved the following conditions pertaining specifically to Allocation No. 2:

- 1 ACTIA's allocation of \$80 million in Measure B funds towards the construction phase of the project; this allocation is an effort on the part of ACTIA, to advance later year Measure B funds to offset the Proposition 1B shortfall and allow the project to proceed on schedule.
- 2 The BART board's approval of the Initial Project Report (IPR) and the resolution of project compliance.
- 3 Execution of a funding agreement between MTC and BART before the contract award, for the Regional Measure 1 90% Rail Reserve East and RM2 funds.
- 4 BART shall request the State Proposition 1B funds at the earliest time. Once available and approved for allocation towards this project, MTC would rescind the \$37 million in RM2 funds which are currently being used as an advance due to the unavailability of State funds.
- 5 If the bids for the subway construction contract are lower than anticipated, the savings against the MTC and ACTIA allocations would be moved to fund remaining sections of the project at a later time. At the completion of the project, any savings would be split among the local funding partners in amounts proportional to the capital contribution of each agency.

BART Extension to Warm Springs

Lead Sponsor BART	Other Sponsors(s) City of Fremont for Grade Separation Work	Implementing Agency (if applicable) BART
Legislated Project Description Extension of the existing BART system from Fremont to Warm Springs in southern Alameda County. The project would facilitate a future rail service extension to the Silicon Valley.		
RM2 Legislated Funding (in \$1,000) Total Overall Funding \$186,000 31.1 City of Fremont Grade Separation (\$10,000) 31.2 BART Extension to Warm Springs (\$176,000)		Total Estimated Project Cost (in \$1,000) \$890,000
Project Purpose and Description The Warm Springs Extension will add 5.4-miles of new tracks from the existing Fremont Station south to a new station in the Warm Springs District of the City of Fremont, with an optional station to be located approximately midway in the heart of the Irvington District. The optional Irvington Station is dependent upon future funding through the City of Fremont. The project will provide increased transportation capacity for future growth in employment and population in the southern part of the region. The Project, to be implemented via the Design-Build contracting method, will include all necessary interfaces with the operating system at the Fremont Station as well as provision of all facilities systems and equipment normally associated with BART service. South of the Warm Springs Station, tail-tracks will continue for about 3,000 feet and a small maintenance facility will be constructed.		
Funding Description Committed Funds: Funding is fully committed. Operating Capacity: BART has included service to this project in its future operating budget.
