

Regional Airport Planning Committee

June 11, 2010

TO: Regional Airport Planning Committee

FROM: Staff of the Regional Airport Planning Committee

SUBJECT: Mid-Point Screening Summary Report

The Mid-Point Screening Summary Report was developed for the public workshops that were held the second week of May. The purpose of the report was to provide the public with one report that framed the scope and the purpose of the study, defined the study goals, summarized the demand and capacity forecast analysis and described the scenarios and the analysis conducted on the scenarios. Key findings from the report were presented at the May public workshops in a powerpoint presentation that is attached to this staff memo and serves as a summary of the key findings in the study to date. For more detail on the demand forecast, the capacity analysis, the scenarios and the goals, please see the attached full report.
