ABSTRACT

BATA Resolution No. 46, Revised

This resolution delegates signature authority to the Executive Director of the Authority, or to the Deputy Director if authorized by the Executive Director, to enter into certain specified contracts and funding agreements without Oversight Committee approval.

Attachment A of this resolution was revised on April 25, 2007 to delegate signature authority to the Executive Director of the Authority or to the Deputy Director or other designee, if authorized by the Executive Director, to execute contract amendments that in total do not exceed the dollar value of a contract allotment approved by the Oversight Committee. In addition, clarifying changes were made to this resolution to reflect BATA's current staffing organization.

Attachment A of this resolution was revised on June 23, 2010 to modify and clarify the delegation of signature authority.

Discussion of these items can be found in the Executive Director's Memorandum to the BATA Oversight Committee dated April 4, 2007, and June 2, 2010.

1. References to “contracts” in this Attachment refer also to purchase orders.
2. The Executive Director or designated Deputy Executive Director is hereby authorized to sign contracts and/or amendments to contracts totaling \$100,000, without referral to a standing Committee of the Authority with contract approval authority, provided the things to be purchased or the work to be done are included in the annual budget approved by the Authority. This delegated authority is renewed for any single contract each time the appropriate Committee approves a new total contract amount.
3. The Executive Director may authorize MTC Section Directors to sign contracts and/or amendments to such contracts with a total contract value up to \$25,000 cumulatively.
4. Where an Authority Committee with contract approval authority has approved a contract allotment in addition to the original contract amount to cover changes that may be required during the performance period, the Executive Director or designated Deputy Executive Director is authorized to sign change orders and contract amendments that in total do not exceed the approved contract allotment, without further referral to the appropriate authorizing Committee.
5. The Executive Director or designated Deputy Executive Director is authorized to sign funding agreements and amendments to funding agreements included in the annual budget approved by the Authority authorizing MTC to receive funds from other public agencies and to distribute funds to other public agencies without referral to the appropriate authorizing Committee and without regard to dollar amount, provided, with respect to distribution of funds, that the recipients are named in the adopted annual budget. Funding agreements distributing funds to recipients not so named are subject to the delegation authority for contracts and amendments in paragraphs one, two and three of this Attachment.

6. The Executive Director is hereby authorized to waive competitive procurement requirements for emergency contracts and purchase orders, with the approval of the Authority Chair, or in his/her absence, the Vice Chair, provided that funds for the contract or purchase order are available in the adopted agency budget. "Emergency" contract is defined as a contract necessary to deal with Acts of God or other threats to public safety or well-being when the delay caused by waiting for the next meeting of the Committee or Authority would increase that threat. Any contract or purchase order in excess of \$100,000 shall be ratified by the appropriate authorizing Committee or Authority at the next regular meeting.
