ABSTRACT

SAFE Resolution No. 44, Revised

SAFE Resolution No. 9, Revised, delegated signature authority to the Executive Director of the Authority, Deputy Executive Director, or a designee of the Executive Director, to enter into certain specified contracts and funding agreements.

This resolution revises the signature authority delegated to the Executive Director of the Authority, or to the Deputy Director if authorized by the Executive Director, to increase the threshold amounts to enter into certain contracts and funding agreements without Operations Committee approval.

This resolution supersedes Resolution No. 9, Revised.

Attachment A of this resolution was revised on April 25, 2007 to delegate signature authority to the Executive Director of the Authority or to the Deputy Director or other designee, if authorized by the Executive Director, to execute contract amendments that in total do not exceed the dollar value of a contract allotment approved by the Operations Committee. In addition, clarifying changes were made to this resolution to reflect the SAFE's current staffing organization.

Attachment A of this resolution was revised on June 23, 2010 to modify and clarify the delegation of signature authority.

This delegated authority is renewed for any single contract each time the appropriate Committee approves a new total contract amount.
3. The Executive Director may authorize MTC Section Directors to sign contracts and/or amendments to such contracts with a total contract value up to \$25,000 cumulatively.
4.
