Programming and Allocations Committee**

December 8, 2010

Item Number 2d

**MTC Resolution No. 3723, Revised  
Third Cycle STP/CMAQ Program—Spare the Air and Visualization Outreach**

---

**Subject:** Redirection of \$2 million in unused funds from the FY 2006-07 Spare the Air Free Transit project to the Climate Initiatives Visualization Outreach and continued implementation of the Spare the Air program.

**Background:** MTC staff requests the use of funding remaining from the Spare the Air Free Transit project for continued implementation of the Spare the Air Program and for visualization outreach for the Regional Transportation Plan (RTP)/Sustainable Communities Strategy (SCS).

The Spare the Air Program was established by the Bay Area Air Quality Management District (BAAQMD) to educate the public about air quality and to encourage them to change travel behavior, such as ridesharing and taking public transit, during Spare the Air Alerts. MTC has contributed CMAQ funding to this program for several years.

As mandated by Senate Bill 375, MTC and the Association of Bay Area Governments (ABAG) must demonstrate how the region will meet its greenhouse gas reduction target through integrated land use, housing and transportation planning. Visualization outreach will educate local governments and the public about the connection between these three factors by using 3-D images to illustrate changes to transportation and land uses at the local and regional levels. Through visualization, MTC will be able to simulate the complex regional impacts of identified policy levers, market constraints, and other indicators to communicate the Bay Area's possible scenarios over the next 25 years.

Under the SAFETEA Third Cycle STP/CMAQ Program, a total of \$7.5 million was programmed for the FY 2006-07 Spare the Air Free Transit Project. Of this amount, only \$5.5 million was used, leaving a balance of roughly \$2 million. This proposed action reduces the FY 2006-07 Spare the Air Free Transit project from \$7.5 million to roughly \$5.5 million and redirects \$900,000 to the BAAQMD for continued implementation of its annual Spare the Air program and roughly \$1.1 million to Climate Initiatives Visualization Outreach.

**Issues:** This funding must be re-obligated this federal fiscal year.

**Recommendation:** Refer MTC Resolution No. 3723, Revised - the SAFETEA Third Cycle STP/CMAQ Program - to the Commission for approval.

**Attachments:** MTC Resolution 3723, Revised and Attachment B

ABSTRACT

Resolution No. 3723, Revised

This resolution adopts the Project Selection Criteria, policies and programming for the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, (SAFETEA) Third Cycle, Surface Transportation Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) Program. The Project Selection Criteria contains the project categories that are to be funded with FY 2007-08 and FY 2008-09 STP/CMAQ funds to be amended into the currently adopted 2005 Transportation Improvement Program (TIP) and subsequent 2007 TIP.

The resolution includes the following attachments:

- Attachment A – Third Cycle STP/CMAQ Project Selection Criteria, and Programming Policy
- Attachment B – Third Cycle Project List

Attachment B to this resolution was revised September 27, 2006 to include the adopted MTC TLC Program in the STP/CMAQ Third Cycle.

This resolution was revised on October 25, 2006 to direct approximately \$4.6 million in Third Cycle STP funds to AC Transit's Early Bus Replacement project in the Transit Capital Shortfall Program [Attachment A, page 12].

This resolution was revised on May 23, 2007 to direct approximately \$59 million in Third Cycle STP funding to the BART Car Replacement and Zero Emission Bus Procurement projects in the Transit Capital Shortfall Program; and to make available an additional \$1.8 million to the congestion management agencies for their planning activities.

Attachment B of this resolution was revised on October 24, 2007 to redirect unused Housing Improvement Program (HIP) funds and TLC Planning Grants funds to the TLC contingency list and the Station Area Planning Program.

## ABSTRACT

MTC Resolution No. 3723, Revised

Page 2

Attachment B of this resolution was revised on April 23, 2008 to direct \$2.1 million in Third Cycle STP/CMAQ funds to the Vacaville Intermodal Station from the Station Area Planning Program.

Attachment B and Appendix A-3 were revised on December 16, 2009 to add \$175,000 to CMA 3% Planning Activities for Solano Transportation Authority to reflect an accounting reconciliation.

Attachment B was revised on December 15, 2010 to reduce the FY 2006-07 Spare the Air Free Transit project from \$7,500,000 to \$5,506,568 and redirect \$900,000 to the Air District's Spare the Air program and \$1,093,432 to the Climate Change Initiatives Visualization Techniques.

Further discussion of the Third Cycle STP/CMAQ Project Selection Criteria and Program is contained in the MTC Executive Director's Memorandum to the Programming and Allocations Committee dated December 14, 2005, and the Programming and Allocations Committee Memorandum dated December 14, 2005, September 13, 2006, October 4, 2006, May 9, 2007, October 3, 2007, April 9, 2008, December 9, 2009 and December 8, 2010.
