

Metropolitan Transportation Commission Programming and Allocations Committee

May 11, 2011

Item Number 3b

MTC Resolution Nos. 3723 Revised and 3925, Revised

- Subject:** Recommended Planning grant awards for the fourth cycle of MTC's Station Area & Land Use Planning grant program.
- Background:** The Station Area & Land Use Planning program is intended to increase transit ridership by creating complete communities, and encouraging an intensification of land use near transit stations and high quality transit service. Previous station area planning cycles have given priority to station areas located in Resolution 3434 corridors that do not currently meet the housing thresholds in MTC's TOD policy. However, since planning is complete or underway in the majority of station areas along these corridors, eligibility for this cycle focused equally on station areas that are part of these Resolution 3434 corridors or are located in a Priority Development Area (PDA).
- In December 2010, staff issued a Station Area & Land Use Planning Call for Projects for approximately \$2.7 million, or half of the \$5.4 million reserved for the program through 2012. Applications were due March 1. Fifteen applications were received totaling \$6.8 million. Staff convened a 12-member evaluation committee that included representatives from transit operators, local jurisdictions, congestion management agencies, non-profit partners, MTC's Policy Advisory Council, the Air District, BCDC and MTC. ABAG planning staff supported the evaluation team, but did not score applications. Scores were based on the following criteria: potential impact (30), current city policies (10), quality of the proposed planning process (25), local commitment (20), and commitment to implementation (15).
- Attachment A lists all submitted applications and the recommended funding of \$2.4 million for six grants. The grants vary in funding amounts depending on what each city requires to complete a station area plan. Many cities are already engaged in extensive land use planning but require additional planning funds to complete complementary elements (e.g. environmental reports and access studies).
- If approved by the Commission, these six projects would be added to Attachment B of MTC Resolution Nos. 3723 and 3925, Revised.
- Issues:** While staff anticipated awarding up to \$2.7 million in this funding cycle, staff recommends that the balance (\$276,000) carry over to the subsequent funding cycle expected to begin in the next 12-18 months rather than have it applied to Fremont Warm Springs, the seventh-ranked project in Attachment A. At issue is the potential for limited housing development

in the station area given the uncertainty in the use of parcels owned by Union Pacific Railroad (UP) within half mile of the station. While the city does not anticipate a determination from UP about these parcels in the near-term, the city expects results this fall from a federal Economic Development Administration (EDA) grant that is being used to evaluate economic and land use alternatives for the station area. In advance of the next Station Area & Land Use Planning funding cycle, MTC staff will coordinate with the city of Fremont to understand how the EDA results or any UP progress may resolve development uncertainty in the station area, which would better position this project for subsequent funding through the program.

Recommendation: Refer Resolution Nos. 3723 and 3925, Revised, to the Commission for approval.

Attachments: Attachment A - Station Area & Land Use Planning Grant recommended funding amounts and list of applications. MTC Resolution Nos. 3723 and 3925, Revised Attachment B.

ABSTRACT

Resolution No. 3723, Revised

This resolution adopts the Project Selection Criteria, policies and programming for the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, (SAFETEA) Third Cycle, Surface Transportation Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) Program. The Project Selection Criteria contains the project categories that are to be funded with FY2007-08 and FY2008-09 STP/CMAQ funds to be amended into the currently adopted 2005 Transportation Improvement Program (TIP) and subsequent 2007 TIP.

The resolution includes the following attachments:

- Attachment A – Third Cycle STP/CMAQ Project Selection Criteria, and Programming Policy
- Attachment B – Third Cycle Project List

Attachment B to this resolution was revised September 27, 2006 to include the adopted MTC TLC Program in the STP/CMAQ Third Cycle.

This resolution was revised on October 25, 2006 to direct approximately \$4.6 million in Third Cycle STP funds to AC Transit's Early Bus Replacement project in the Transit Capital Shortfall Program [Attachment A, page 12].

This resolution was revised on May 23, 2007 to direct approximately \$59 million in Third Cycle STP funding to the BART Car Replacement and Zero Emission Bus Procurement projects in the Transit Capital Shortfall Program; and to make available an additional \$1.8 million to the congestion management agencies for their planning activities.

Attachment B of this resolution was revised on October 24, 2007 to redirect unused Housing Improvement Program (HIP) funds and TLC Planning Grants funds to the TLC contingency list and the Station Area Planning Program.

ABSTRACT

MTC Resolution No. 3723, Revised

Page 2

Attachment B of this resolution was revised on April 23, 2008 to direct \$2.1 million in Third Cycle STP/CMAQ funds to the Vacaville Intermodal Station from the Station Area Planning Program.

Attachment B and Appendix A-3 were revised on December 16, 2009 to add \$175,000 to CMA 3% Planning Activities for Solano Transportation Authority to reflect an accounting reconciliation.

Attachment B was revised on December 15, 2010 to reduce the FY2006-07 Spare the Air Free Transit project from \$7,500,000 to \$5,506,568 and redirect \$900,000 to the Air District's Spare the Air program and \$1,093,432 to the Climate Change Initiatives Visualization Techniques.

Attachment B was revised on April 27, 2011 to add previously approved Station Area Planning grants and to add \$640,000 in new grants for Healdsburg and Larkspur.

Attachment B was revised on May 25, 2011, to add \$332,000 in a new grant for San Francisco.

Further discussion of the Third Cycle STP/CMAQ Project Selection Criteria and Program is contained in the MTC Executive Director's Memorandum to the Programming and Allocations Committee dated December 14, 2005, and the Programming and Allocations Committee Memorandum dated December 14, 2005, September 13, 2006, October 4, 2006, May 9, 2007, October 3, 2007, April 9, 2008, December 9, 2009 and December 8, 2010, April 13, 2011, and May 11, 2011.

ABSTRACT

Resolution No. 3925, Revised

This resolution adopts the Project Selection Criteria, policies and programming for the Surface Transportation Authorization Act, following the Safe, Accountable, Flexible and Efficient Transportation Equity Act (SAFETEA), and any extensions of SAFETEA in the interim, for the Cycle 1, Surface Transportation Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) Program. The Project Selection Criteria contains the project categories that are to be funded with FY2009-10 and FY2010-11 STP/CMAQ funds to be amended into the currently adopted 2009 Transportation Improvement Program (TIP) and subsequent TIP update.

The resolution includes the following attachments:

- Attachment A – Cycle 1 STP/CMAQ Project Selection Criteria, and Programming Policies
- Attachment B – Cycle 1 Project List

The resolution was revised on December 16, 2009 to add Attachment A and to add \$437 million to Attachment B, the balance of funding to Cycle 1 programs.

Appendix A-1 and A-7 of Attachment A along with Attachment B of the resolution were revised on July 28, 2010 to add approximately \$15.1 million in additional apportionment as follows: 1) Strategic Investment – Advance of SamTrans Payback (\$6.0 million); 2) Transportation for Livable Communities (\$4.1 million); 3) Regional Commitment – GGB Suicide Deterrent (\$5.0 million). In addition, the framework for second cycle is revised to program “freed up” Second Cycle Funds of \$6 million to the Climate Initiative program.

This resolution was revised on September 22, 2010 to advance \$20 million in Freeway Performance Initiative project elements to address lower than expected state programming as well as the opportunity to capture more obligation authority. This action increases federal programming in First Cycle and reduces federal programming in Second Cycle by an equal amount.

ABSTRACT

MTC Resolution No. 3925

Page 2

This resolution was revised on October 27, 2010 to award grants from the Climate Initiatives Innovative Grant Program (\$31 million) and the Safe Routes to Schools Creative Grant Program (\$2 million). Attachment B was also updated to show projects nominated by the CMAAs for the CMA Block Grant Program along with other updates reflecting TIP actions.

Attachment B was revised on February 23, 2011 to reflect the addition of new projects selected by the congestion management agencies, counties, and revisions to existing projects.

Attachment B was revised on March 23, 2011 to facilitate a fund exchange between the Green Ways to School Through Social Networking Project (TAM) with the Venetia Valley School SR2S Improvements (Marin County) and to make additional programming updates.

Attachment B was revised on May 25, 2011, to add \$2,092,000 to seven new grants for San Francisco, Fremont, South San Francisco, Sunnyvale, and Walnut Creek.

Further discussion of the Cycle 1 STP/CMAQ Project Selection Criteria and Program is contained in the memorandum to the Programming and Allocations Committee dated October 14, 2009, December 9, 2009, July 14, 2010, September 8, 2010; October 13, 2010, February 9, 2011, March 9, 2011, and May 11, 2011.

SUBTOTAL			\$80,776	\$0	\$80,776
7. REGIONAL STREETS AND ROADS (RSR)			TOTAL: \$101,789	\$0	\$101,789
* NOTE: Section 182.6(d)(2) of the California Streets and Highways Code requires that: An amount not less than 110 percent of the amount that the county was apportioned under the Federal-Aid Secondary (FAS) program in federal fiscal year 1990-91 be apportioned for use by that county. The FAS amounts in Cycle 1 represent the total annual FAS commitments for the entire 6-year period of the new federal act beginning in FY 2009-10. San Francisco does not have any routes designated FAS, and therefore is not entitled to any FAS share.					
** NOTE: Local Streets and Roads Rehab administered by County CMAs as part of the Block Grant Program.

** NOTE: Attachment A, T-4 First-Cycle Project Selection Criteria and Programming Policies, govern this project list. All funding changes to a program or project are subject to Commission approval. The project phase, fiscal year and fund source will be determined at the time of programming in the TIP. MTC Staff will update the project listing (Attachment B) to reflect MTC actions as projects are included or revised in the TIP.

*** NOTE: All funds are subject to applicable regional, state and federal requirements and deadlines. Funds that miss established deadlines are considered lapsed and are no longer available for the project.
