Memorandum

TO: Commission

DATE: July 20, 2011

FR: Legislation Committee

WI: 1131

RE: Committee Recommendations

The Legislation Committee met on July 8 and referred the following item to the Commission.

1. AB 1164 (Gordon)

AB 1164, sponsored by Caltrans, would give the state more flexibility to 1) keep Proposition 1B projects on schedule in the event that insufficient bonds are sold; and 2) ensure that federal obligation authority is fully expended at the end of each fiscal year.

Committee Recommendation: Oppose AB 1164 (Gordon) unless amended to require the consent of the local/regional agency in order to loan local federal funds, or exclude STP/CMAQ, Highway Safety Improvement Program, Safe Routes to Schools, High Risk Rural Road, Highway Bridge Program, and Transportation Enhancements funds that come to local and regional agencies.
