RE: PM_{2.5} Project Conformity Interagency Consultation

Below is a list of project sponsors who completed the initial steps of the project level conformity process and now seek interagency consultation from the Air Quality Conformity Task Force to determine whether their projects are deemed a Project of Air Quality Concern.

No.	Project Sponsor	Project Title
1	Santa Clara Valley Transportation Authority (VTA)	SR 85 Express Lanes Project

Attachment A includes descriptions of the above project and it's corresponding project assessment form.

Additionally, MTC requests the review and concurrence from the Air Quality Conformity Task Force on a set of projects that project sponsors have identified as exempt and likely not to be a POAQC. **Attachment B** lists these exempt projects.
