Item Number 5b

MTC Resolution No. 3925, Revised

Subject: Recommended grant awards for the fifth cycle of MTC's Priority Development Area (PDA) Planning program.

Background: The Priority Development Area (PDA) Planning program has been renamed from the Station Area & Land Use Planning program to reflect the direction of Plan Bay Area/One Bay Area Grant. The program is intended to increase transit ridership by creating complete communities and encouraging an intensification of land use near transit stations and high quality transit service. In previous station area planning cycles the Commission has given priority to station areas located in Resolution 3434 corridors that do not currently meet the housing thresholds in MTC's Transit-Oriented Development (TOD) policy. However, since planning is complete or underway in the majority of station areas along these corridors, staff is recommending that eligibility be extended both to station areas that are part of these Resolution 3434 corridors or are located in a PDA.

In January 2011, staff issued a PDA Planning Call for Projects for \$4 million. Applications were due April 12. Sixteen applications were received totaling \$6.4 million. Staff convened a 12-member evaluation committee that included representatives from transit operators, local jurisdictions, congestion management agencies, non-profit partners, the Air District, BCDC, ABAG and MTC. Due to a last-minute jury duty selection, an MTC Policy Advisory Committee representative was unable to participate in the evaluation. Scores were based on the following criteria and points distribution:

Criteria	Points
Location of planning area in a Community of Concern	7
Potential impact	25
Current city policies (i.e. innovative parking, affordable housing, etc.)	15
Quality of the proposed planning process	23
Commitment to implementation	15
Local commitment	15
Total	100

Attachment A lists all submitted applications and the recommended funding of approximately \$3.7 million for 10 projects. The grants vary in funding amounts depending on PDA place type, as well as relative need for a jurisdiction to complete a PDA plan. Some cities are already engaged in extensive land use planning but require additional planning funds for complementary elements (e.g. environmental reports and access studies).

Staff recommends that the remaining balance, \$336,000, carry over to the next funding cycle, which, with the adoption of the One Bay Area Grant Program, is anticipated to go out in December 2012. The next two projects on the ranked list – Hayward and Livermore (same score) have both requested the maximum grant amount of \$750,000 for full specific plans with EIRs. Since the remaining program balance is less than one-quarter of these two requests, staff recommends that each may be better served with full funding in a subsequent cycle. Staff will provide the evaluation panel's feedback to the two cities in advance of the next funding cycle.

Issues: Staff is not recommending funding for the City of Hercules. In addition to concerns about project delivery due to the city's fiscal circumstances, the evaluation committee suggested that this project may be better suited to MTC's Smart Growth Technical Assistance program, which is scheduled for a call for applications by December 2012.

Recommendation: Refer Resolution No. 3925, Revised, to approve the ten projects in Attachment A to the Commission for approval. Resolution No. 3925 also includes projects recommended from Agenda Items 3b and 3c, and will be adjusted if necessary based on Committee direction on those items.

ABSTRACT

Resolution No. 3925, Revised

This resolution adopts the Project Selection Criteria, policies and programming for the Surface Transportation Authorization Act, following the Safe, Accountable, Flexible and Efficient Transportation Equity Act (SAFETEA), and any extensions of SAFETEA in the interim, for the Cycle 1, Surface Transportation Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) Program. The Project Selection Criteria contains the project categories that are to be funded with FY 2009-10 and FY 2010-11 STP/CMAQ funds to be amended into the currently adopted 2009 Transportation Improvement Program (TIP) and subsequent TIP update.

The resolution includes the following attachments:

- Attachment A – Cycle 1 STP/CMAQ Project Selection Criteria, and Programming Policies
- Attachment B – Cycle 1 Project List

The resolution was revised on December 16, 2009 to add Attachment A and to add \$437 million to Attachment B, the balance of funding to Cycle 1 programs.

Appendix A-1 and A-7 of Attachment A along with Attachment B of the resolution were revised on July 28, 2010 to add approximately \$15.1 million in additional apportionment as follows: 1) Strategic Investment – Advance of SamTrans Payback (\$6.0 million); 2) Transportation for Livable Communities (\$4.1 million); 3) Regional Commitment – GGB Suicide Deterrent (\$5.0 million). In addition, the framework for second cycle is revised to program “freed up” Second Cycle Funds of \$6 million to the Climate Initiative program.

This resolution was revised on September 22, 2010 to advance \$20 million in Freeway Performance Initiative project elements to address lower than expected state programming as well as the opportunity to capture more obligation authority. This action increases federal programming in First Cycle and reduces federal programming in Second Cycle by an equal amount.

This resolution was revised on October 27, 2010 to award grants from the Climate Initiatives Innovative Grant Program (\$31 million) and the Safe Routes to Schools Creative Grant Program (\$2 million). Attachment B was also updated to show projects nominated by the CMAs for the CMA Block Grant Program along with other updates reflecting TIP actions.

Attachment B was revised on February 23, 2011 to reflect the addition of new projects selected by the congestion management agencies, counties, and revisions to existing projects.

Attachment B was revised on March 23, 2011 to facilitate a fund exchange between the Green Ways to School Through Social Networking Project (TAM) with the Venetia Valley School SR2S Improvements (Marin County) and to make additional programming updates.

Attachment B was revised on May 25, 2011, to add \$2,092,000 to seven new grants for San Francisco, Fremont, South San Francisco, Sunnyvale, and Walnut Creek.

Attachment B was revised on June 22, 2011, to rescind \$1,998,000 for two projects in Hayward and Hercules.

Appendix A-1 and A-7 of Attachment A along with Attachment B of the resolution were revised on September 28, 2011 to advance \$5.0 million for SFgo in the Climate Initiative Element, and \$13.3 million for the SamTrans Payback in the Regional Strategic Investment element to address higher than expected federal apportionment in the near-term, while not increasing the overall funding commitment for the Cycles 1 & 2 framework. This action increases federal programming in First Cycle and reduces federal programming commitments in Second Cycle by an equal amount.

Attachment B was revised on October 26, 2011 to provide \$376,000 to the Stewart's Point Rancheria Intertribal Electric Vehicle Project and to modify the scope of Santa Rosa's Climate Initiatives Program grant.

Attachment A (pages 6 and 17), and Appendix A-1 and A-7 of Attachment A along with Attachment B of the resolution were revised on February 22, 2012 to advance \$8,971,587 for the Lifeline Transportation Program to address higher than expected federal apportionment in the near-term and to redirect funding to the US 101 Capitol Expressway Interchange project. The latter revision requires VTA to provide an equal amount of future local/RTIP funds to a TLC project. This action increases federal programming in First Cycle and reduces federal programming

commitments in Second Cycle by an equal amount, while not increasing the overall funding commitment for the Cycles 1 & 2 framework.

Attachment A (pages 6 and 17), Appendix A-1 of Attachment A along with Attachment B of the resolution were revised on March 28, 2012 to add \$34 million in STP/CMAQ funds redirected from Cycle 2 FPI for the Doyle Drive / Presidio Parkway, with an equivalent amount in future San Francisco RTIP funding to be directed to regional FPI/Express Lanes. The OA Carryover identified for Cycle 1 is reduced from \$54 million to \$0 to accommodate this action and the advance of \$20 million for FPI on September 22, 2010. Additional changes were made to the project listing in Attachment B.

Attachment A (pages 6 and 17), and Appendix A-1 of Attachment A along with Attachment B of the resolution were revised on April 25, 2012 to address the following: program \$1.2 million to an ACE preventive maintenance project in lieu of an equal amount for SR2S funding for Alameda county (ACTC agrees to fund an equal amount of SR2S projects using local funds); advance and program the remaining \$2.7 million for the small/ northbay county operators (with this advance, the entire \$31 million STP/CMAQ commitment for the MTC Resolution 3814 Transit Payback as identified in Attachment A has been fulfilled); and redirect \$700,000 from the Climate Initiatives Public Outreach effort to the Spare the Air program. Additional changes were made to the project listing in Attachment B.

Attachment B to the resolution was revised on June 27, 2012 to reflect the following actions: redirect \$5 million for Low-Income Transit Pass Pilot Programs within the Climate Initiatives Program (from Public Outreach and EV Funding Strategies); program \$7.6 million for specific STP/CMAQ projects for the Lifeline program; program \$3.7 million to ten new Priority Development Area (PDA) Planning Grants for San Francisco, Fremont, Concord, Alameda, Alameda County, Richmond, Mountain View and Rohnert Park; augment the city of Walnut Creek's Station Area Planning Grant by \$45,000, and revise the SamTrans projects receiving the Caltrain Payback, among other changes.

Further discussion of the Cycle 1 STP/CMAQ Project Selection Criteria and Program is contained in the memorandum to the Programming and Allocations Committee dated October 14, 2009, December 9, 2009, July 14, 2010, September 8, 2010; October 13, 2010, February 9, 2011, March 9, 2011, May 11, 2011, June 8, 2011, September 14, 2011, October 12, 2011, February 8, 2012, March 7, 2012, April 11, 2012 and June 13, 2012.
