Memorandum

TO: Administration Committee

DATE: October 3, 2012

FR: Executive Director

W.I.: 1233

RE: Contract Amendment– StreetSaver[®] Software Development, Maintenance & Support Services: DevMecca.com, LLC (\$600,000)

This memorandum asks for Committee approval of a contract amendment with DevMecca.com, LLC to continue providing software development, maintenance, application hosting, and support for the MTC StreetSaver[®] pavement management software. The amendment would add \$600,000 to the contract, bringing the total amount of the contract to \$2,285,000.

Background

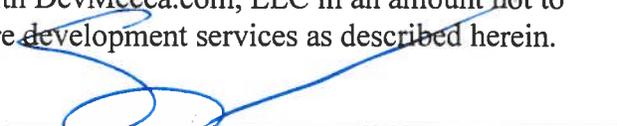

MTC's pavement management program, StreetSaver[®], is designed to provide local jurisdictions with a set of recommendations, or "best practices", for pavement preservation, in order to help them use their limited local street and road funding in the most cost-effective manner. Currently, all 109 Bay Area jurisdictions use StreetSaver[®], in addition to over 300 users nationwide. MTC uses StreetSaver[®] exclusively to report the pavement conditions annually in the State of the System Report for local streets and roads and to project the region's pavement needs that feed into the regional transportation plan.

In 2009, following a competitive procurement process, MTC retained DevMecca.com, LLC to provide ongoing software maintenance and support, software updates and enhancements including non-pavement asset management and multiple performance curves, hosting StreetSaver[®] application online as well as database migration and conversion from previous versions of StreetSaver[®] and other pavement management software. The Committee approved a two-year contract, with the option to extend the contract for two additional two-year periods. Subsequently, one option was exercised to extend the contract term to September 30, 2013.

This amendment would add \$600,000 to the contract bringing the contract total to \$2,285,000 for the four-year period consisting of the original contract term and the first option period. Funding for this amendment is included in the approved FY 2012-13 agency budget.

Recommendation

Staff recommends that this Committee authorize the Executive Director or his designee to negotiate and enter into a contract amendment with DevMecca.com, LLC in an amount not to exceed \$600,000 to provide StreetSaver[®] software development services as described herein.
