Item Number 2d

Resolution Nos. 3880, Revised (under agenda item 2f), and 3881, Revised

Subject: Revisions to the Second Cycle Lifeline Program of Projects and Proposition 1B Regional Transit Program.

In July 2008, MTC adopted Resolution No. 3860, which established guidelines and a fund estimate for the Second-Cycle Lifeline Transportation Program for the three-year period FY2009-11. The Lifeline Program is intended to result in improved mobility for low-income residents of the Bay Area, and is administered by the Congestion Management Agencies. The Second-Cycle program is funded by State Transit Assistance (STA), Proposition 1B Transit funds, and federal Job Access and Reverse Commute (JARC) funds. Each county received a funding target based on the county's share of the region's total population below the poverty level. In 2009, MTC adopted Resolution 3881, which approved the Program of Projects based on locally prioritized projects in each county.

This item makes program modifications to the adopted program of projects for the Second-Cycle in Alameda and Napa counties:

1. In 2008, \$2 million in Proposition 1B funds was programmed to BART for the Ashby BART Station elevator project. The project was completed under budget, leaving a balance of \$270,954. Alameda County Transportation Commission (ACTC) and BART staff propose to transfer the balance to a new Lifeline Transportation Program Second-Cycle project, the MacArthur BART Station Plaza Improvement Project. Per State guidelines, the funds need to be programmed by June 30, 2013.
2. In 2009, \$70,688 in State Transportation Assistance (STA) funds were programmed to Napa County Transportation and Planning Agency's (NCTPA) VINE Route 11 to extend service between Calistoga and Santa Rosa. However, this project was discontinued in 2010 before any funds were expended. The full amount of \$70,688 in STA funds will be transferred to a new Lifeline Transportation Program Second-Cycle project, NCTPA's VINE Express Route 29 project, which serves the area between the northern border of the City of Napa to Calistoga. NCTPA authorized this reprogramming on October 17, 2012.

Issues: ACTC will be considering the Lifeline Transportation Program modification at their meeting on December 6, 2012. MTC's programming of funds will be conditioned on ACTC approving the change. Should the ACTC not approve the change, the funds will not be programmed to the MacArthur BART Station Plaza Improvement Project and staff will work with ACTC and BART to find an alternative project for the funds.

Recommendation: Refer MTC Resolution Nos. 3880, Revised, and 3881, Revised to the Commission for approval. Because Resolution No. 3880, Revised is proposed for revision under multiple agenda items, it is included once under agenda item 2f with all proposed revisions. Only items approved by the Committee will be forwarded to the Commission.

*GGBHTD's Refurbishment of the MS San Francisco project replaces the previously submitted project, Larkspur Ferry Channel and Berth Dredging. The MTC approval date for the Refurbishment project is 2/23/11, however the funding is from FY2009-10.

**The \$17.5M for BART's Train Control Switch Machine Replacement project is part of a 1:1 funding exchange between AC Transit, BART and SFMTA that MTC approved on June 22, 2011 (see also MTC Reso. 3831, Revised). Through this exchange, SFMTA will receive \$17.5M in CMAQ funding instead of Prop 1B PTMISEA Urban Core funding.

***CMA concurrence for SFMTA projects are expected in December 2012. MTC approval is contingent on receiving these board approvals.
