

Metropolitan Transportation Commission Programming and Allocations Committee

December 12, 2012

Item Number 2e

Resolution Nos. 3880, Revised, 4035, Revised (under agenda item 3a), and 4053, Revised

Subject: Third Cycle Lifeline Transportation Program and Transit Performance Initiative (TPI) Program Revisions

Background: MTC's Lifeline Transportation Program funds projects that improve mobility for the region's low-income communities. The program is administered by the nine county congestion management agencies (CMAs), and in Santa Clara County via a joint arrangement between the CMA and the County.

The TPI funds low-cost capital projects that improve operations and customer experience in the region's urban trunk network. As part of the One Bay Area Grant program, an initial commitment of \$28 million was made to fund five corridor projects of AC Transit, SFMTA and VTA.

The following changes are proposed for the TPI and Third Cycle Lifeline Transportation Programs:

1) SFMTA-requested TPI and Third Cycle Lifeline Transportation program changes

SFMTA has requested funding and scope adjustments to several projects in the TPI and Third Cycle Lifeline Transportation programs, to account for new federal funds recently awarded.

In May 2012, the SFMTA received \$10.8 million in TPI funds for the N-Judah and Mission Mobility projects. In June 2012, the SFMTA received \$11.7 million in Lifeline Proposition 1B funds from MTC for the 8X Mobility Maximization and Mission Mobility projects. Subsequent to those awards, the SFMTA was awarded an FTA Bus Livability grant for the 8X Mobility Maximization project, which resulted in \$4 million surplus on that project. The SFMTA has requested to use surplus funds from the 8X project to expand the scope on the Mission Mobility and N-Judah projects, and to fund a new Lifeline-eligible project, the Mission Bay Loop Project. The table below summarizes the proposed programming changes.

The total amount of TPI and Lifeline Proposition 1B funds programmed remains the same (\$10.8 million and \$11.7 million, respectively).

Project	Original		Revised (after receipt of FTA Bus Livability Grant)	
	TPI	Lifeline	TPI	Lifeline
N-Judah	\$3,750,574	\$0	\$5,383,860	\$0
Mission Mobility	\$7,016,395	\$2,413,350	\$5,383,109	\$5,056,891
8X Bayshore	\$0	\$9,310,080	\$0	\$5,285,000
Mission Bay Loop (new Lifeline-eligible project)	-	-	\$0	\$1,381,539
Total	\$10,766,969	\$11,723,430	\$10,766,969	\$11,723,430

The scope of the 8X Mobility Maximization project has also been revised to eliminate the pre-payment fare collection component of the project. The funds will instead be used on project elements that are consistent with the project scope and will further enhance the corridor.

2) San Francisco County Third Cycle Lifeline Transportation Program State Transit Assistance (STA) Programming

The San Francisco County Transportation Authority (SFCTA) has programmed most of the remaining balance of Third Cycle Lifeline Transportation Program STA funds. Consistent with the Third Cycle Lifeline Guidelines, SFCTA has elected to allocate \$2.6 million in STA funds directly to SFMTA for Lifeline transit operations within the county, including enhanced service for Route 108-Treasure Island, increased frequency on Route 29-Sunset, and the continuation of bus service restoration (generally extended nighttime service) on Routes 19-Polk, 21-Hayes, 27-Bryant, 29-Sunset, 44-O'Shaughnessy and 54-Felton.

3) Santa Rosa CityBus revised JARC project

In June 2012, \$405,987 in JARC funds were programmed to the Santa Rosa CityBus Enhanced Automatic Vehicle Location and Real-Time Transit Information Program project. However, due to near-term project delivery and cash flow needs, Santa Rosa CityBus is unable to use the JARC funds for this project, and has requested the funds be transferred to another Third Cycle Lifeline project, Roseland Lifeline Operations. This programming modification was proposed by Santa Rosa CityBus and approved by the Sonoma County Transportation Authority (SCTA) on November 19, 2012.

Issues: SFCTA Board approval for the Lifeline STA projects and the revision to the SFMTA Lifeline Proposition 1B projects is expected in December 2012. MTC approval is proposed to be contingent on receiving this approval.

Recommendation: Refer Resolution Nos. 3880, Revised, 4035, Revised, and 4053, Revised to the Commission for approval. Because Resolution No. 4035, Revised is proposed for revision under multiple agenda items, it is included once under agenda item 3a with all proposed revisions. Only items approved by the Committee will be forwarded to the Commission

*GGBHTD's Refurbishment of the MS San Francisco project replaces the previously submitted project, Larkspur Ferry Channel and Berth Dredging. The MTC approval date for the Refurbishment project is 2/23/11, however the funding is from FY2009-10.

**The \$17.5M for BART's Train Control Switch Machine Replacement project is part of a 1:1 funding exchange between AC Transit, BART and SFMTA that MTC approved on June 22, 2011 (see also MTC Reso. 3831, Revised). Through this exchange, SFMTA will receive \$17.5M in CMAQ funding instead of Prop 1B PTMISEA Urban Core funding.

***CMA concurrence for SFMTA projects are expected in December 2012. MTC approval is contingent on receiving these board approvals.

Allocation Principles for Proposition 1B Transit Population-based Funds

MTC Resolution 3814, adopted on June 27, 2007, established programming categories and amounts for the distribution of Proposition 1B – Transit funds under the population-based formula. Based on the programming framework of Resolution 3814, Proposition 1B – Transit population-based funds will be distributed based on the following principles:

1. The proportional share of the annual funding available to each investment category: Lifeline, Urban Core and Small Operators/Northern Counties.
2. Within each category, MTC will submit projects for allocation based on ready-to-go status. The rationale is that it will be important to put transit-bond dollars to work to demonstrate the need for funding. MTC staff will attempt to allocate regional coordination projects to free up more flexible funds within the Lifeline category, as directed under Resolution 3814.
3. MTC will evaluate this process annually before the State's second round of allocations. The evaluation will consider the remaining available funding, the amount of bond funds proposed in the next fiscal year State Budget, and any new legislation regarding the state bond program. At this point, if funding is still available in any one category, shifting funds between categories may be considered.

ABSTRACT

Resolution No. 4035, Revised

This resolution adopts the Project Selection Policies and Programming for federal Surface Transportation Authorization Act following the Safe, Accountable, Flexible and Efficient Transportation Equity Act (SAFETEA), and any extensions of SAFETEA in the interim. The Project Selection Policies contain the project categories that are to be funded with various fund sources including federal surface transportation act funding available to MTC for its programming discretion to be included in the federal Transportation Improvement Program (TIP).

The resolution includes the following attachments:

- Attachment A – Project Selection Policies
- Attachment B-1 – Regional Program Project List
- Attachment B-2 – OneBayArea Grant (OBAG) Project List

Attachment A (page 13) was revised on October 24, 2012 to update the PDA Investment & Growth Strategy (Appendix A-6) and to update county OBAG fund distributions using the most current RHNA data (Appendix A-1 and Appendix A-4). The Commission also directed \$20 million of the \$40 million in the regional PDA Implementation program to eight CMAs and the San Francisco Planning Department for local PDA planning implementation. Attachment B-1 and B-2 were revised to add new projects selected by the Solano Transportation Authority and Santa Clara Valley Transportation Authority and to add projects under the Freeway Performance Initiative and to reflect the redirection of the \$20 million in PDA planning implementation funds.

Attachment A (pages 8, 9 and 13) was revised on November 28, 2012 to confirm and clarify the actions on October 24, 2012 with respect to the County PDA Planning Program.

Attachment A (page 12) was revised on December 19, 2012 to provide an extension to Alameda County jurisdictions for the Complete Streets policy requirement. Attachments B-1 and B-2 were revised to add new projects selected by the Solano Transportation Authority, Sonoma

Project Selection Policies and Programming

METROPOLITAN TRANSPORTATION COMMISSION
RESOLUTION NO. 4035

WHEREAS, the Metropolitan Transportation Commission (MTC) is the Regional Transportation Planning Agency (RTPA) for the San Francisco Bay Area pursuant to Government Code Section 66500 et seq.; and

WHEREAS, MTC is the designated Metropolitan Planning Organization (MPO) for the nine-county San Francisco Bay Area region and is required to prepare and endorse a Transportation Improvement Program (TIP) which includes federal funds; and

WHEREAS, MTC is the designated recipient for federal funding administered by the Federal Highway Administration (FHWA) assigned to the MPO/RTPA of the San Francisco Bay Area for the programming of projects (regional federal funds); and

WHEREAS, the federal funds assigned to the MPOs/RTPAs for their discretion are subject to availability and must be used within prescribed funding deadlines regardless of project readiness; and

WHEREAS, MTC, in cooperation with the Association of Bay Area Governments, (ABAG), the Bay Area Air Quality Management District (BAAQMD), the Bay Conservation and Development Commission (BCDC), California Department of Transportation (Caltrans), Congestion Management Agencies (CMAs), transit operators, counties, cities, and interested stakeholders, has developed criteria, policies and procedures to be used in the selection of projects to be funded with various funding including regional federal funds as set forth in Attachments A, B-1 and B-2 of this Resolution, incorporated herein as though set forth at length; and

WHEREAS, using the policies set forth in Attachment A of this Resolution, MTC, in cooperation with the Bay Area Partnership and interested stakeholders, has or will develop a program of projects to be funded with these funds for inclusion in the federal Transportation Improvement Program (TIP), as set forth in Attachments B-1 and B-2 of this Resolution, incorporated herein as though set forth at length; and

WHEREAS the federal TIP and subsequent TIP amendments and updates are subject to public review and comment; now therefore be it

RESOLVED that MTC approves the "Project Selection Policies and Programming" for projects to be funded with Cycle 2 Program funds as set forth in Attachments A, B-1 and B-2 of this Resolution; and be it further

RESOLVED that the federal funding shall be pooled and redistributed on a regional basis for implementation of Project Selection Criteria, Policies, Procedures and Programming, consistent with the Regional Transportation Plan (RTP); and be it further

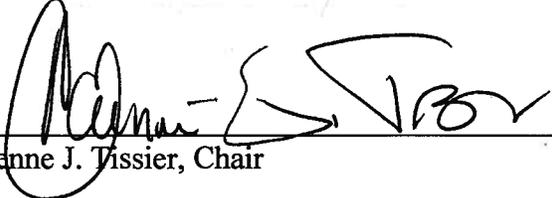

RESOLVED that the projects will be included in the federal TIP subject to final federal approval; and be it further

RESOLVED that the Executive Director or his designee can make technical adjustments and other non-substantial revisions, including updates to fund distributions to reflect final 2014-2022 FHWA figures; and be it further

RESOLVED that the Executive Director or designee is authorized to revise Attachments B-1 and B-2 as necessary to reflect the programming of projects as the projects are selected and included in the federal TIP; and be it further

RESOLVED that the Executive Director shall make available a copy of this resolution, and such other information as may be required, to the Governor, Caltrans, and to other such agencies as may be appropriate.

METROPOLITAN TRANSPORTATION COMMISSION

Adrienne J. Tissier, Chair

The above resolution was entered into by the Metropolitan Transportation Commission at the regular meeting of the Commission held in Oakland, California, on May 17, 2012

- PDA Investment & Growth Strategy: By May 1, 2013, CMAs shall prepare and adopt a PDA Investment & Growth Strategy to guide transportation investments that are supportive of PDAs. An existing Investment and Growth Strategy adopted by the County will be considered as meeting this requirement if it satisfies the general terms in Appendix A-6. See Appendix A-6 for details.
- Performance and Accountability Policies: Jurisdictions need to comply with the following policies in order to be eligible recipients of OBAG funds.
- To be eligible for OBAG funds, a jurisdiction will need to address complete streets policies at the local level through the adoption of a complete streets policy resolution no later than January 31, 2013. A jurisdiction can also meet this requirement through a general plan that complies with the Complete Streets Act of 2008. Staff will provide minimum requirements based on best practices for the resolution. **A county can provide its jurisdictions an extension of the deadline to June 30, 2013 as long as no programming for projects are requested of MTC until jurisdictions are in compliance.** As discussed below, jurisdictions will be expected to have a general plan that complies within the Complete Streets Act of 2008 to be eligible for the next round of funding.
 - A jurisdiction is required to have its general plan housing element adopted and certified by the California Department of Housing and Community Development (HCD) for 2007-14 RHNA prior to January 31, 2013. If a jurisdiction submits its housing element to the state on a timely basis for review, but the State's comment letter identifies deficiencies that the local jurisdictions must address in order to receive HCD certification, then the local jurisdiction may submit a request to the Joint MTC Planning / ABAG Administrative Committee for a time extension to address the deficiencies and resubmit its revised draft housing element to HCD for re-consideration and certification.
 - For the OBAG cycle subsequent to FY 2015-16, jurisdictions must adopt housing elements by October 31, 2014 (based on an April 2013 SCS adoption date); therefore, jurisdictions will be required to have General Plans with approved housing elements and that comply with the Complete Streets Act of 2008 by that time to be eligible for funding. This schedule allows jurisdictions to meet the housing and complete streets policies through one general plan amendment.
 - OBAG funds may not be programmed to any jurisdiction out of compliance with OBAG policies and other requirements specified in this attachment. The CMA will be responsible for tracking progress towards these requirements and affirming to MTC that a jurisdiction is in compliance prior to MTC programming OBAG funds to its projects in the TIP.
 - For a transit agency project sponsor under a JPA or district (not under the governance of a local jurisdiction), the jurisdiction where the project (such as station/stop improvements) is located will need to comply with these policies before funds may be programmed to the transit agency project sponsor. However,

* In most cases, Proposition 1B Transit funds were allocated directly to transit operators by MTC. Upon concurrence from the applicable CMA, transit operators programmed funds to any capital project that was consistent with the Lifeline Transportation Program and goals, and was eligible for the Proposition 1B funds. In Solano and Sonoma Counties, the CMA programmed the Proposition 1B funds to transit operator projects.

Notes

- (1) Because the STA amounts are continually changing, only 95 percent of each county's STA amount will be available to be claimed by project sponsors until further notice. The County Lifeline Program Administrators programmed 95 percent of their county's STA amount, and then developed a contingency plan for the remaining five percent should it be available.
- (2) Comply with MTC Resolution 3866, Revised (Transit Coordination Implementation Plan) where applicable, including but not limited to Clipper, 511, real-time transit information and wayfinding signage. For wayfinding signage, project sponsors are expected to follow the regional sign standard developed by MTC, with the exception of wayfinding kiosks and transit information displays which are optional (note that MTC is unable to support maintenance of these signs if installed). For real-time transit information displays at multi-agency transfer stations/stops, project sponsors must work with MTC to determine the appropriate 511 real-time transit sign design to use. MTC Res. 3866, Revised is available at <http://www.mtc.ca.gov/planning/tcip/>. Consult with project-specific MTC staff during project planning to further assess the applicability of Res. 3866, Revised and how to implement specific aspects of the project.
- (3) On 5/9/12, staff recommended SFMTA's and VTA's Proposition 1B projects for deferral (not programming) pending resolution of youth/low income free fare funding discussions. Projects were recommended for funding on 6/13/12.
- (4) On 6/13/12, staff recommended deferral of funding for the Richmond Easy Go project in order to clarify eligibility issues. Project was recommended for funding on 7/11/12.
- (5) Any additional STA funds should be added first to the North Fair Oaks On-Demand Shuttle and the Menlo Park Belle Haven Community Shuttle, and second to transit capital related components of the City of San Mateo North Central Infrastructure Improvement Project
- (6) Project must follow the requirements in Attachment A of the *Phase II Call for Projects: 2012 RM2 Real-time Transit Information Grant Program*
- (7) On 6/13/12, staff recommended deferral of funding for BART's Transbay Owl Express in order to work with counties and sponsor to address issues. Project was recommended for funding on 7/11/12.
- (8) On 12/19/12, \$405,987 in JARC funding was transferred from Santa Rosa CityBus Enhanced Automatic Vehicle Location (AVL) and Real-Time Transit Information Program and reprogrammed to CityBus Roseland Lifeline Operations.
- (9) On 12/19/12, SFMTA's 8X Mobility Maximization Proposition 1B amount was reduced from \$9,310,080 to \$5,285,000, SFMTA's Mission Mobility Maximization Proposition 1B amount was increased from \$2,413,350 to \$5,056,891, and a new Lifeline-eligible project, the Mission Bay Loop, was programmed \$1,381,539 in Proposition 1B funds. CMA Concurrence for SFMTA's Proposition 1B projects is expected in December 2012. MTC approval is contingent on receiving that board approval.
- (10) SFCTA Board approval for the San Francisco County STA projects is expected in December 2012. MTC approval is contingent on receiving that board approval.
