Item Number 2c

Resolution Nos. 4053, Revised and 3880, Revised

Subject: Revisions to the Third Cycle Lifeline Transportation Program of Projects and the Proposition 1B – Regional Transit Program

Background: MTC’s Lifeline Transportation Program funds projects that improve mobility for the region’s low-income communities. The program is administered by the nine county congestion management agencies (CMAs), and in Santa Clara County via a joint arrangement between the CMA and the County.

The following revision is proposed with this item:

Program Modifications for AC Transit Proposition 1B Funding
AC Transit requested to move \$500,000 of Proposition 1B funding from their Internal Text Messaging Signs project to the Contra Costa College Transit Center Improvements project. Bids for the Signs project were substantially under the estimated project costs, and can be funded entirely by other sources. AC Transit proposes shifting the cost savings to their Contra Costa College Transit Center Improvements project. The additional funding will be used to provide real-time transit displays and other passenger amenities at the transit center. Both the Alameda County Transportation Commission and the Contra Costa Transportation Authority concur with this program modification.

Issues None

Recommendation: Refer Resolution Nos. 4053, Revised and 3880, Revised to the Commission for approval.

* In most cases, Proposition 1B Transit funds were allocated directly to transit operators by MTC. Upon concurrence from the applicable CMA, transit operators programmed funds to any capital project that was consistent with the Lifeline Transportation Program and goals, and was eligible for the Proposition 1B funds. In Solano and Sonoma Counties, the CMA programmed the Proposition 1B funds to transit operator projects.

Notes

(1) On 10/23/13, the STA amounts were updated to reflect FY2012 & FY2013 actual revenues, including FY2012 and FY2013 interest. The County Lifeline Program Administrators (LPAs) had originally programmed 95 percent of their county's estimated two-year STA amount, and then developed a contingency plan for the remaining five percent should it be available. The actual two-year revenues plus interest were sufficient to fully fund the 95 percent program, and to provide partial funding to the contingency projects that had been previously identified by the County LPAs.

(2) Comply with MTC Resolution 3866, Revised (Transit Coordination Implementation Plan) where applicable, including but not limited to Clipper, 511, real-time transit information and wayfinding signage. For wayfinding signage, project sponsors are expected to follow the regional sign standard developed by MTC, with the exception of wayfinding kiosks and transit information displays which are optional (note that MTC is unable to support maintenance of these signs if installed). For real-time transit information displays at multi-agency transfer stations/stops, project sponsors must work with MTC to determine the appropriate 511 real-time transit sign design to use. MTC Res. 3866, Revised is available at <http://www.mtc.ca.gov/planning/tcjp/>. Consult with project-specific MTC staff during project planning to further assess the applicability of Res. 3866, Revised and how to implement specific aspects of the project.

(3) On 5/9/12, staff recommended SFMTA's and VTA's Proposition 1B projects for deferral (not programming) pending resolution of youth/low income free fare funding discussions. Projects were recommended for funding on 6/13/12.

(4) On 6/13/12, staff recommended deferral of funding for the Richmond Easy Go project in order to clarify eligibility issues. Project was recommended for funding on 7/11/12.

(5) The JARC amounts will come from the FTA Section 5316 program if the project is assigned FY2011 and/or FY2012 apportionment year funds, and from the FTA Section 5307 program if the project is assigned FY2013 apportionment year funds. For more information regarding the FY2013 Section 5307 funds, see the Transit Capital Priorities (TCP) Process and Criteria for FY 2012-13 & FY 2013-14 (MTC Resolution No. 4072) and the TCP Program for FY 2012-13 & FY 2013-14 (MTC Resolution No. 4084).

(6) Project must follow the requirements in Attachment A of the *Phase II Call for Projects: 2012 RM2 Real-time Transit Information Grant Program*

(7) On 6/13/12, staff recommended deferral of funding for BART's Transbay Owl Express in order to work with counties and sponsor to address issues. Project was recommended for funding on 7/11/12.

(8) On 12/19/12, \$405,987 in JARC funding was transferred from Santa Rosa CityBus Enhanced Automatic Vehicle Location (AVL) and Real-Time Transit Information Program and reprogrammed to CityBus Roseland Lifeline Operations.

(9) On 12/19/12, SFMTA's 8X Mobility Maximization Proposition 1B amount was reduced from \$9,310,080 to \$5,285,000, SFMTA's Mission Mobility Maximization Proposition 1B amount was increased from \$2,413,350 to \$5,056,891, and a new Lifeline-eligible project, the Mission Bay Loop, was programmed \$1,381,539 in Proposition 1B funds. CMA Concurrence for SFMTA's Proposition 1B projects is expected in December 2012. MTC approval is contingent on receiving that board approval.

(10) San Francisco County STA projects were recommended for funding in December 2012.

(11) On 4/24/13, \$126,353 in JARC funding was transferred from Contra Costa County Employment & Human Services Taxi Referral Program to Tri Delta Transit for Route 200 & 201. \$126,353 in STA funding was transferred from Tri Delta Transit Route 200 & 201 to Contra Costa County Employment & Human Services Department Taxi Referral Program, as a pass through from Tri Delta Transit.

(12) On 4/24/13, \$150,055 in JARC funding was transferred from City of Concord Monument Neighborhood Shuttle to County Connection Preserve Operations in Community Concern project. \$150,055 in local Measure J funds will be programmed to the Monument Neighborhood Shuttle by the Contra Costa Transportation Authority.

(13) SFCTA Board approval for SFMTA's STP/CMAQ project was received in April 2013.

(14) On 10/23/13, \$35,000 in JARC funding was transferred from Cycles of Change's Neighborhood Bike Centers project to the San Leandro TMO LINKS Shuttle. This modification pays LINKS back from funds borrowed by Cycles in 2012, LTP2 JARC funds.

(15) On 12/18/13, \$500,000 in Proposition 1B funding was transferred from AC Transit's Internal Text Messaging Signs project to the Contra Costa College Transit Center Improvements project. This modification is due to cost savings on the Internal Text Messaging Signs project and will allow the scope of the Transit Center Improvements project to include real-time displays and amenities upgrades.

*GGBHTD's Refurbishment of the MS San Francisco project replaces the previously submitted project, Larkspur Ferry Channel and Berth Dredging. The MTC approval date for the Refurbishment project is 2/23/11, however the funding is from FY2009-10.

**The \$17.5M for BART's Train Control Switch Machine Replacement project is part of a 1:1 funding exchange between AC Transit, BART and SFMTA that MTC approved on June 22, 2011 (see also MTC Reso. 3831, Revised). Through this exchange, SFMTA will receive \$17.5M in CMAQ funding instead of Prop 1B PTMISEA Urban Core funding.

*** On 12/18/13, \$500,000 in Proposition IB funding was transferred from AC Transit's Internal Text Messaging Signs project to the Contra Costa College Transit Center Improvements project, due to cost savings on the Internal Text Messaging Signs project and will allow the scope of the Transit Center Improvements project to include real-time displays and amenities upgrades.
