W. I. 1233

RE: MTC Resolution No. 4115, Revised – Reauthorization of MTC Investment Policy

Government Code §53646, as embodied in MTC Resolution No. 4115, requires that agency’s Statement of Investment Policy be submitted annually to the legislative body for review, comment and renewal. The Investment Policy was adopted to specifically include investment of funds for the Metropolitan Transportation Commission (MTC), the MTC Service Authority for Freeways and Expressways (SAFE), the Bay Area Toll Authority (BATA), the Regional Administrative Facility Corporation (RAFC), the Bay Area Infrastructure Financing Authority (BAIFA) and the Bay Area Headquarters Authority (BAHA) in accordance with the provisions of §53600 *et seq.* of the Government Code and the provisions of the attached investment policy.

Staff is proposing three changes to the policy adopted by the Commission in July 2013:

- 1) Currently, we require mutual funds to maintain the highest letter and numerical ranking from at least one nationally recognized rating organization. We are recommending that the requirement be increased to the highest letter and numerical rating from at least two nationally recognized rating organizations in order to be in line with the provisions of §53600 *et seq.* of the Government Code.
- 2) Policy allows investment in bankers’ acceptances which are required to have maturities of 270 days or less and not to exceed 20% of surplus funds. Bankers’ acceptances are no longer a general short term instrument and, therefore, we are recommending that bankers’ acceptances be excluded from the listed permitted investments.
- 3) Current policy requires minimum liquidity levels as follows:

			Maximum Weighted
<u>30 Days</u>	<u>180 Days</u>	<u>1 Year</u>	<u>Maturity</u>
10%	15%	25%	5 years

We are recommending liquidity levels be maintained at:

			Maximum Weighted
<u>30 Days</u>	<u>90 Days</u>	<u>1 Year</u>	<u>Maturity</u>
10%	15%	30%	5 years

We are changing the 180 days threshold to 90 days, increasing the one year threshold to 30% of the portfolio, and accumulating 30-day and 90-day investments toward the one-year threshold given increased needs in debt and operating requirements.

Staff recommends that the Committee refer Resolution No. 4115, Revised, to the Commission for approval.

### I. Prudent Investor Rule:

Funds shall be managed under the “prudent investor standard” which requires all agencies investing public funds to be trustees of those funds, and therefore, fiduciaries subject to the prudent investor standard. When investing, reinvesting, purchasing, acquiring, exchanging, selling or managing public funds, a trustee shall act with care, skill, prudence and diligence under circumstances then prevailing, including, but not limited to, the general economic conditions and anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. All funds shall be invested within the following objectives, in order of priority:

1. Safety: Preservation and safeguard of capital.
2. Liquidity: Funds shall be invested in a manner consistent with operating needs of the agency.
3. Yield: Funds shall be invested to earn a secured and safe return without compromising the objectives of safety and liquidity.

Eligible paper is further limited to issuing corporations organized and operating in the United States and having total assets in excess of five hundred million dollars (\$500,000,000) and having an “A” or higher rating for the issuers’ debt, other than commercial paper, if any, as provided by Moody’s Investor Services or Standard & Poor’s Corporation or the equivalent of other nationally recognized rating services that may be allowed by statute. Purchases shall not exceed 180 days maturity, 10% of the outstanding commercial paper of a single issuing corporation and 10% of the agency’s surplus money.

- D. Negotiable certificates of deposit issued by a nationally or State chartered bank, not to exceed 10% of surplus agency funds.
