

**MTC 2013-14 Overall Work Program
Select Items**

Below are select items from the MTC 2013-2014 Overall Work Program. These topics are likely to come before the Commission during the coming year.

- **Plan Bay Area Implementation**
 - Staff will continue to bring transportation elements of Plan Bay Area to the Commission for review and approval, as appropriate.
 - Staff will continue to engage stakeholders on policies and programs to implement the Plan.
 - Staff will continue to track progress toward performance targets in Plan Bay Area and consider performance targets as required by the federal transportation program (MAP-21).
 - Priority Development Area (PDA) Planning and Implementation
 - Transit-Oriented Affordable Housing (TOAH) Program

- **Climate Initiatives Program**

Staff will request Commission action on future cycles of the Climate Initiatives Program, a multi-faceted program aimed at reducing transportation-related emissions and vehicle miles traveled (VMT).

- **Express Lane Network**
 - The Bay Area Infrastructure Financing Authority (BAIFA) will consider policies related to implementation of Phase I of the Express Lane Network, which will convert existing high-occupancy-vehicle (HOV) lanes to express lanes.

- **Bay Area Regional Prosperity Plan**

The Bay Area Prosperity Plan is a multi-year planning effort funded with a grant from the U.S. Department of Housing and Urban Development to recommend strategies to improve the region's economic prosperity by encouraging stronger, more sustainable communities, integrating housing and jobs planning, fostering local innovation in support of new jobs, and building a healthy regional economy for all.

- **Regional Goods Movement**

MTC is currently working with Caltrans and county congestion management agencies to update information and key goods movement issues for the region to address in the coming years. Additionally, as identified in Plan Bay Area, MTC and ABAG will undertake sub-regional studies to analyze goods movement at a more local level, including truck flows on I-80, I-580 and I-880 corridors, and passenger and freight rail.

- **Transit/Bike & Ped Improvements**
 - Transit Sustainability Project (TSP)
 - Mobility Management
 - Clipper
 - 511
 - Regional Bikeshare and Bicycle Information Systems

- **Freeway and Arterial Operations**

- MTC SAFE Call box Program
- Freeway Service Patrol
- Freeway Performance Initiative
- Incident Management Program
- Arterial Operations Program

- **Legislative Program**

Per the Commission's adopted 2014 Advocacy Program, staff will advocate for regional transportation priorities at the state and federal level. Updates and status reports will be given to the Commission, as well as to the Policy Advisory Council.
