ABSTRACT

MTC Resolution No. 3651, Revised

Page 3

This resolution was revised on October 28, 2009 to rescind a total of \$750,000 from a prior construction allocation which has realized savings due to lower than anticipated contract costs, and to allocate a total of \$2.072 million (includes rescinded funds) to accommodate the expanded scope of CMGC services - owing to the inclusion of the “bottom up” approach which considers building the train box in Phase 1 construction.

This resolution was revised on June 23, 2010 to rescind a total of \$2.5 million from a prior design allocation owing to lower than anticipated contract costs and scope changes related to the bus storage facility, and reallocate the same amount towards Construction Manager/ General Contractor (CMGC) services for the construction of the Transbay Transit Center Building and Related Structures.

This resolution was revised on July 24, 2013 to rescind and amend prior allocations in order to allow unspent funds and savings to be made available for modified scope elements and/or future re-allocations.

This resolution was revised on February 26, 2014 to allocate \$2,375,673 towards Construction Manager/ General Contractor (CMGC) services for the construction of the Transbay Transit Center Building and Related Structures.

Additional discussion of this allocation is contained in the Executive Director’s memoranda to the MTC Programming and Allocations Committee dated September 8, 2004, November 10, 2004 and October 12, 2005, and PAC Summary Page dated May 10, 2006, February 14, 2007, September 12, 2007, January 9, 2008, March 5, 2008, April 9, 2008, October 8, 2008, November 12, 2008, April 8, 2009, June 10, 2009, October 14, 2009, June 9, 2010, July 10, 2013, and February 12, 2014.

Allocation No. 22.1-2

Activities to be funded with Allocation #2:

Right-of-way acquisition of the 80 Natoma property in San Francisco, California.

The TJPA staff has provided MTC staff with a copy of the Project's environmental review documents, consisting of the Environmental Impact Statement/Environmental Impact Report and environmental findings of the San Francisco County Transportation Authority. Said documents have been reviewed by staff, and are herein incorporated by reference as though set forth at length. As lead agencies under CEQA, the City and County of San Francisco, the Peninsula Corridor Joint Powers Board (Caltrain) and the San Francisco Redevelopment Agency have certified that the Environmental Impact Report (EIR) for the Project is in compliance with the requirements of the California Environmental Quality Act (CEQA) and the applicable CEQA Guidelines.

The TJPA staff advises that the EIR for the Project is currently the subject of a number of pending lawsuits, but that there are no injunctions in place that would preclude the TJPA from proceeding with the Project. The TJPA staff further advises that the City and County of San Francisco, on behalf of the TJPA for purposes of implementing the Project, has initiated a condemnation action for the property located at 80 Natoma Street, and that this RM2 funding request is for purposes of providing part of the financing necessary to complete the right of way action.

Under these circumstances, for purposes of reviewing this request for an allocation of RM2 funds, MTC is a responsible agency under CEQA, and may accept that the EIR for the Project is in compliance with the provisions of CEQA and its applicable regulations. Staff recommends MTC's acceptance of the above referenced EIR and findings for the Project, and approval of the TJPA's RM2 funding request. MTC's acceptance of the EIR, and the findings as its own for purposes of approval of the funding request, will constitute MTC's permission for the TJPA to proceed with those elements of the Project funded in part with RM2 funds, but with the understanding that the TJPA will be proceeding with the Project at its own risk pending a final determination of the current judicial proceedings.

Allocation No. 22.1-3

Activities to be funded with Allocation #3:

Additional funding for Right-of-way acquisition of the 80 Natoma property in San Francisco, California.

The TJPA finds that no new facts have arisen since the original certification of the Transbay Terminal EIR/EIS that would change the analysis or conclusions. MTC is a responsible agency under CEQA, and accepts that the EIR for the Project is in compliance with the provisions of CEQA and its applicable regulations.

MTC will be receiving two documents prior to processing payment for the property:

- 1) Settlement agreement between TJPA and the property owner.
- 2) Quitclaim deed (to protect MTC and the City and the San Francisco County Transportation Authority if the project fails).

The temporary terminal operation shall not exceed five years.		
RM2 Legislated Funding (in \$1,000) Total Overall Funding: \$150,000	Total Estimated Project Cost (in \$1,000) \$4,495,400	
Project Purpose and Description The Transbay Terminal / Downtown Caltrain Extension Project consists of three major components: a new, multi-modal Transbay Terminal on the site of the present Transbay Terminal; the extension of Caltrain commuter rail service from its current San Francisco terminus at Fourth and Townsend Streets to a new underground terminus underneath a proposed new Transbay Terminal; and the establishment of a Redevelopment Area with related development projects, including transit-oriented development on publicly owned land in the vicinity of the new multi-modal Transbay Terminal.		
Funding Description Committed Funds: The Project is divided into two phases: the Transbay Transit Center Phase 1, which is funded with committed revenues and future land sales. Uncommitted Funds: The Caltrain Downtown Extension project (Phase 2) is estimated to cost \$2.6 billion and is not fully funded. The TJPA is working on securing additional revenues.. Operating Capacity: Operations for the Transbay Terminal are to be funded by revenue generated by the building leases, including rents from transit operators, retail establishments, a hotel; parking revenue; general advertising revenue; and the continuation of terminal operating funds from Bay Area Toll Authority funds. The operations of the Downtown Caltrain extension are to be fully funded by fare revenues.
