## *Memorandum*

TO: BATA Oversight Committee

DATE: February 26, 2014

FR: Executive Director

W. I. 1251

RE: Contract Amendment - On-Call Construction Management Services – San Francisco - Oakland Bay Bridge Rehabilitation Program: Zoon Engineering, Inc. (\$600,000)

Staff requests approval of this contract amendment with Zoon Engineering, Inc. (Zoon Engineering) for on-call construction management services for integration of various toll bridge rehabilitation contracts on the San Francisco-Oakland Bay Bridge (SFOBB) in an amount not to exceed \$600,000.

### **Background**

In January 2014, after a competitive procurement, this Committee authorized the Executive Director to enter into contracts with eight firms, including Zoon Engineering, to provide on-call construction management services.

Recently staff executed a contract with Zoon Engineering for \$100,000. Previously, Zoon Engineering was under subcontract to BATA to provide construction integration and coordination support and inspection for BATA funded toll bridge rehabilitation work performed as part of the SFOBB East Span Replacement Project.

As part of the Toll Bridge Rehabilitation Program, BATA continues to fund the upgrade of several existing lighting and security systems on the Bay Bridge through the East Span Replacement Project. To ensure compatibility with the new bridge systems and because of Zoon Engineering's past experience as the system integrator, staff is proposing a contract amendment with Zoon Engineering to complete the construction management for the rehabilitation work on the SFOBB. Project scope includes services related to integration of upgrades to the security systems and electrical work on both the east and west spans of the Bay Bridge and other SFOBB rehabilitation work funded under the Toll Bridge Rehabilitation Program.

**Recommendation**

Staff recommends that the Committee authorize the Executive Director or his designee to negotiate and enter into a contract amendment with Zoon Engineering to perform on-call construction management consultant services for integration of rehabilitation work on the San Francisco-Oakland Bay Bridge East Span Replacement, in an amount not to exceed \$600,000.
