RE: Recommended PDA Planning, PDA Staffing Assistance and PDA Technical Assistance Grants

The Planning Committee referred Resolutions 3925, Revised, and 4035, Revised, to the Commission for approval, which include recommended projects for the PDA Planning, PDA Staffing Assistance and PDA Technical Assistance programs.

At the Planning Committee meeting, Commissioners and the Building Industry Association of the Bay Area requested additional information about the PDA Technical Assistance Program, the project scoring, and one of the projects, the South Richmond Affordable Housing and Commercial Linkage Study.

Attachment A provides additional information about the PDA Technical Assistance Program, including past cycle projects. Attachment B summarizes the scoring for the projects recommended for approval this month. Attachment C provides an excerpt from the South Richmond application with additional information about the proposed project.

### **Technical Assistance Program Overview**

#### **Program Description**

The objective of the PDA Technical Assistance Program is to support discrete planning projects that will advance implementation of PDA-related plans in support of Plan Bay Area. Customized in-kind technical assistance is provided to local jurisdictions seeking to overcome specific policy or planning challenges to the adoption or successful implementation of PDA-related plans.

#### **Process**

All projects are submitted by local jurisdictions<sup>1</sup> and selected on a competitive basis. Projects are assessed on the following criteria: location within a community of concern (5 points), location in one of top 16 cities taking on 2/3 of Plan Bay Area housing growth (10 points), project performance and impact (20 points), existing local policies (10 points), local commitment to adopted plan/project (15 points), implementation (35 points), and regional innovation and replicability (5 points).

Following project award, MTC and ABAG staff, in consultation with local jurisdiction staff, select consultants from the MTC list of on-call technical assistance consultant teams to work on the projects<sup>2</sup>. Selections are based on a number of factors, including consultant qualifications in the project subject matter specific to the awarded project, experience working in the jurisdiction, and availability of consultant staff. Following an initial meeting to discuss project work scope with MTC/ABAG, jurisdiction staff and the consultant assigned to the project, the consultant works directly with the local jurisdiction to complete the project. MTC and ABAG monitor project progress.

#### **Outcomes**

Technical Assistance projects focus on addressing barriers to local plan implementation. Local jurisdictions are encouraged to review technical assistance project findings with local planning commissions and city councils. Local jurisdictions are responsible for utilizing project findings to advance implementation of their local plans.

Many jurisdictions face similar barriers to implementing local planning efforts. MTC and ABAG anticipate that the technical assistance findings from one jurisdiction may be applicable to another with similar implementation issues (regional replicability). Project outcomes should provide useful strategies that could be a model for other jurisdictions to replicate.

---

<sup>1</sup> Multiple jurisdictions and transit operators are also eligible to submit applications. In the case of multiple jurisdiction applications, each jurisdiction must be a co-applicant. Impacted jurisdictions must support transit agency applications.

<sup>2</sup> In accordance with Federal guidelines

RE: Recommended Priority Development Area (PDA) Planning Grants and Regional Implementation Priorities of \$8.4 million

## Background

The OneBayArea Grant Program and Cycle 1 Federal Program includes \$8.4 million to support Regional PDA Planning. Staff is proposing \$6.8 million to support a PDA competitive planning and assistance grant program and \$1.5 million for other key PDA implementation priorities.

At the Planning Committee's November meeting, staff provided an update on the Regional PDA Planning and Technical Assistance competitive programs, including the recommended focus on the top sixteen cities taking on two-thirds of the regional growth in Plan Bay Area and the addition of staffing assistance to better meet the needs of local jurisdictions.

Staff issued the call for applications for all three competitive programs – PDA Planning, PDA Technical Assistance and PDA Staffing Assistance in mid-January with applications due in early April. Staff hosted two informational workshops – one in Oakland, and one in San Jose.

## PDA Planning, Technical Assistance and Staffing Assistance Grant Recommendations: \$6.8 million

Staff received 11 PDA Planning, 7 Staffing Assistance and 13 Technical Assistance applications totaling roughly \$7.1 million. Attachment A summarizes the project requests and recommended funding for 25 projects totaling \$6.8 million. Of the recommended funding, about 80% is for the top 16 cities that are projected to take two-thirds of regional housing growth.

Projects were evaluated by a team of MTC and ABAG regional planners based on the following criteria: 1) location of project in a community of concern; 2) location of project in one of the top-sixteen cities taking on two thirds of the region's housing growth in Plan Bay Area; 3) project impact; 4) demonstrated commitment to developing transportation and land-use supportive policies; 5) potential of proposed project to meet regional program goals; and 6) local commitment to proposed project and commitment to project implementation. In addition, Technical Assistance projects were also evaluated on their regional replicability, which was an evaluation criterion for this program in previous funding cycles.

MTC and ABAG staff will work with local jurisdiction staff to refine work scopes for recommended projects prior to finalizing funding agreements. In some cases, modifications to work scopes will be required to better align project outcomes with regional program goals. These modifications have been communicated to project sponsors as a condition of award.

Projects that are not recommended for funding were either not a good fit for the program to which they applied, or did not score well relative to the other applications received. Feedback will be provided to each of these jurisdictions to modify applications for future funding cycles. Applicants may also be

eligible to apply for county congestion management agency PDA Planning funds totaling \$20 million through the OneBayArea Grant program.

**Regional PDA Implementation Priorities: \$1.5 million**

In addition to the projects noted above, MTC staff is recommending programming approximately \$1.5 million to the following projects with a regional focus.

*State Route (SR) 82 Relinquishment Exploration Study - \$275,000:* This study will assess the process of relinquishing Caltrans state highways, focusing on SR 82 from San Jose to SR 84 in Redwood City along the Grand Boulevard Initiative (GBI) corridor. VTA will be the project sponsor on behalf of the cities along this portion of the GBI corridor. It is anticipated that project findings will be applicable to other state highway corridors in the region that serve PDAs, but require long-term retrofits to support pedestrian/transit-friendly development.

*Transit Core Capacity Study - \$250,000:* This project includes two studies – one focused on the Bay Bridge-Transbay/Downtown San Francisco area, and one focused on the South Bay/Silicon Valley. The studies will develop and evaluate strategies and investments to address existing capacity constraints and increase transit connectivity to the core of the region to facilitate implementation of Plan Bay Area. They will evaluate and prioritize short-, medium- and long-term transit investments, and strategies to address existing and forecasted capacity constraints. The studies will also focus on identifying a package of investments that expand transit capacity and connectivity to rapidly growing core areas of the region and support PDAs.

*Assessment of Public Lands Near Rail Corridors - \$500,000:* Discussed at the March 2013 Commission Workshop, this study will assess under-utilized publicly-owned lands near rail corridors in PDAs, with an emphasis on evaluating the potential for affordable housing within mixed-income developments.

*PDA Implementation Studies/Forums - \$515,000:* Based on feedback from jurisdictions, regional agency staff will pursue studies to advance PDA implementation. Possible topic areas include: employment opportunities for PDAs - integrating planning and employer expansion, regional infrastructure bank feasibility, and retail and PDAs - how to best integrate retail into PDA planning and implementation. Staff also plans to host regional forums on PDA implementation topics relevant to local jurisdictions.

**Recommendation**

Refer Resolution Nos. 4035, Revised, and Resolution 3925, Revised, to approve the \$8.4 million in projects listed above and in Attachment A to the Commission for approval.

ABSTRACT

Resolution No. 3925, Revised

This resolution adopts the Project Selection Criteria, policies and programming for the Surface Transportation Authorization Act, following the Safe, Accountable, Flexible and Efficient Transportation Equity Act (SAFETEA), and any extensions of SAFETEA in the interim, for the Cycle 1, Surface Transportation Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) Program. The Project Selection Criteria contains the project categories that are to be funded with FY 2009-10 and FY 2010-11 STP/CMAQ funds to be amended into the currently adopted 2009 Transportation Improvement Program (TIP) and subsequent TIP update.

The resolution includes the following attachments:

Attachment A – Cycle 1 STP/CMAQ Project Selection Criteria, and Programming Policies

Attachment B – Cycle 1 Project List

The resolution was revised on December 16, 2009 to add Attachment A and to add \$437 million to Attachment B, the balance of funding to Cycle 1 programs.

Appendix A-1 and A-7 of Attachment A along with Attachment B of the resolution were revised on July 28, 2010 to add approximately \$15.1 million in additional apportionment as follows:

1) Strategic Investment – Advance of SamTrans Payback (\$6.0 million); 2) Transportation for Livable Communities (\$4.1 million); 3) Regional Commitment – GGB Suicide Deterrent (\$5.0

million). In addition, the framework for second cycle is revised to program “freed up” Second Cycle Funds of \$6 million to the Climate Initiative program.

This resolution was revised on September 22, 2010 to advance \$20 million in Freeway Performance Initiative project elements to address lower than expected state programming as well as the opportunity to capture more obligation authority. This action increases federal programming in First Cycle and reduces federal programming in Second Cycle by an equal amount.

This resolution was revised on October 27, 2010 to award grants from the Climate Initiatives Innovative Grant Program (\$31 million) and the Safe Routes to Schools Creative Grant Program (\$2 million). Attachment B was also updated to show projects nominated by the CMAs for the CMA Block Grant Program along with other updates reflecting TIP actions.

Attachment B was revised on February 23, 2011 to reflect the addition of new projects selected by the congestion management agencies, counties, and revisions to existing projects.

Attachment B was revised on March 23, 2011 to facilitate a fund exchange between the Green Ways to School Through Social Networking Project (TAM) with the Venetia Valley School SR2S Improvements (Marin County) and to make additional programming updates.

Attachment B was revised on May 25, 2011, to add \$2,092,000 to seven new grants for San Francisco, Fremont, South San Francisco, Sunnyvale, and Walnut Creek.

Attachment B was revised on June 22, 2011, to rescind \$1,998,000 for two projects in Hayward and Hercules.

Appendix A-1 and A-7 of Attachment A along with Attachment B of the resolution were revised on September 28, 2011 to advance \$5.0 million for SFgo in the Climate Initiative Element, and \$13.3 million for the SamTrans Payback in the Regional Strategic Investment element to address higher than expected federal apportionment in the near-term, while not increasing the overall funding commitment for the Cycles 1 & 2 framework. This action increases federal programming in First Cycle and reduces federal programming commitments in Second Cycle by an equal amount.

Attachment B was revised on October 26, 2011 to provide \$376,000 to the Stewart’s Point Rancheria Intertribal Electric Vehicle Project and to modify the scope of Santa Rosa’s Climate Initiatives Program grant.

Attachment A (pages 6 and 17), and Appendix A-1 and A-7 of Attachment A along with Attachment B of the resolution were revised on February 22, 2012 to advance \$8,971,587 for the Lifeline Transportation Program to address higher than expected federal apportionment in the near-term and to redirect funding to the US 101 Capitol Expressway Interchange project. The latter revision requires VTA to provide an equal amount of future local/RTIP funds to a TLC project. This action increases federal programming in First Cycle and reduces federal programming commitments in Second Cycle by an equal amount, while not increasing the overall funding commitment for the Cycles 1 & 2 framework.

Attachment A (pages 6 and 17), Appendix A-1 of Attachment A along with Attachment B of the resolution were revised on March 28, 2012 to add \$34 million in STP/CMAQ funds redirected from Cycle 2 FPI for the Doyle Drive / Presidio Parkway, with an equivalent amount in future San Francisco RTIP funding to be directed to regional FPI/Express Lanes. The OA Carryover identified for Cycle 1 is reduced from \$54 million to \$0 to accommodate this action and the advance of \$20 million for FPI on September 22, 2010. Additional changes were made to the project listing in Attachment B.

Attachment A (pages 6 and 17), and Appendix A-1 of Attachment A along with Attachment B of the resolution were revised on April 25, 2012 to address the following: program \$1.2 million to an ACE preventive maintenance project in lieu of an equal amount for SR2S funding for Alameda county (ACTC agrees to fund an equal amount of SR2S projects using local funds); advance and program the remaining \$2.7 million for the small/ northbay county operators (with this advance, the entire \$31 million STP/CMAQ commitment for the MTC Resolution 3814 Transit Payback as identified in Attachment A has been fulfilled); and redirect \$700,000 from the Climate Initiatives Public Outreach effort to the Spare the Air program. Additional changes were made to the project listing in Attachment B.

Attachment B to the resolution was revised on June 27, 2012 to reflect the following actions: program \$7.6 million for specific STP/CMAQ projects for the Lifeline program; program \$3.7 million to ten new Priority Development Area (PDA) Planning Grants for San Francisco, Fremont, Concord, Alameda, Alameda County, Richmond, Mountain View and Rohnert Park; and revise the SamTrans projects receiving the Caltrain Payback, among other changes.

Attachment B to the resolution was revised on July 25, 2012 to add \$0.2 million for Lifeline transportation projects.

Attachment B to the resolution was revised on September 26, 2012 to add \$50,000 to the Walnut Creek fourth cycle PDA planning grant and to move funds between two projects in the Sonoma County's County TLC Program.

Attachment B to the resolution was revised on February 27, 2013 to redirect \$50,000 to the City of San Jose's San Carlos Multimodal project from the Los Gatos Creek Reach 5 Trail project.

This resolution was revised on May 22, 2013 to extend the obligation deadline for the remaining Cycle 1 funds for projects subject to the dissolution of the redevelopment agencies, and delays in programming of Lifeline Transportation projects and small/northbay transit operators projects subject to the MTC Resolution 3814 transit payback commitment, and climate initiative innovative grant projects. Attachment B to the resolution was also revised to reflect the following actions: Redirect \$180,000 from the City of Concord's Monument Blvd Corridor Shared Use Trail (Phase 1) to the Monument Blvd Corridor Pedestrian and Bikeway Network (Phase 2) with no change in total funding; add the Eddy and Ellis Traffic Calming Lifeline project in San Francisco for \$1,175,105; modify the funding amounts between SamTrans' Caltrain Right-Of-Way payback commitment projects with no change in total funding; replace the Livermore plaza TLC project with the Livermore railroad depot restoration project with no change in total funding; deprogram the electric vehicle taxi climate initiative project for \$6,988,000 as a result of Better Place withdrawing from the project and retain \$988,000 for SFMTA's Electric Vehicles for Neighborhood Taxi Service project (a sub-element of the original project); and redirect: \$875,000 to extend the Dynamic Rideshare project; and redirect \$2,800,000 to increase the BAAQMD's bike sharing climate initiative project from \$4,291,000 to \$7,091,000.

Attachment B to the resolution was revised on September 25, 2013 to substitute the City of Oakland's Foothill Blvd. Streetscape Project with the Lakeside Green Streets Project.

Attachment B and Appendix A-1 to the resolution were revised on December 18, 2013 to change \$31 million from RTIP to CMAQ in the FPI program and to add a Sonoma US 101 FPI project and to update the funding amounts for the remaining FPI projects.

Attachment B was revised February 26, 2014 to reprogram Santa Clara's RTIP-TE funding from a lapsed project to two new projects in Santa Clara County, redirect \$3 million in Public Outreach Climate Initiatives Funding to the Spare the Air program and reduce funds for the Richmond Rail Connector Project.

Attachment B was revised March 26, 2014 to add \$2.7 million to the Clipper Program to Implement Phase III and make funding adjustments within the Freeway Performance Initiative

Program by moving funds from the Marin US 101 component to the Solano I-80/ I-680/ SR 12 Interchange component.

Attachment B was revised April 23, 2014 to make changes to the Climate Initiatives Program including the addition of the Bay Area Bike Share Program (Phase II) and funding amount adjustments for two other programs.

As referred by the Planning Committee, Attachment B was revised on May 28, 2014 to program remaining reserve in the TLC/Station Area Plans/PDA Planning Program, in companion with the programming of Cycle 2 PDA planning funds.

Further discussion of the Cycle 1 STP/CMAQ Project Selection Criteria and Program is contained in the memorandum to the Programming and Allocations Committee dated October 14, 2009, December 9, 2009, July 14, 2010, September 8, 2010; October 13, 2010, February 9, 2011, March 9, 2011, May 11, 2011, June 8, 2011, September 14, 2011, October 12, 2011, February 8, 2012, March 7, 2012, April 11, 2012, June 13, 2012, July 11, 2012, September 12, 2012, February 13, 2013, May 8, 2013, September 11, 2013, December 11, 2013, February 12, 2014, March 5, 2014, and April 9, 2014, and to the Planning Committee dated May 9, 2014,
