

Agenda Item 4b

TO: Bay Area Headquarters Authority

DATE: July 16, 2014

FR: Executive Director

W. I. 9130

RE: Contract Approval – Construction Services: Electrical Utility Relocation, Pacific Gas & Electric Company (\$518,257)

This item would authorize the Executive Director or his designee to negotiate and enter into a contract with Pacific Gas and Electric Company (PG&E) for utility relocation services in support of the Utility Undergrounding at the Regional Agency Headquarters Project in the amount of \$518,257. The background and scope of the Utility Underground project is described in Agenda Item 4a.

BAHA will be selecting a contractor for the installation of conduits, vaults, and utility boxes below ground to serve as infrastructure for PG&E's existing overhead lines. PG&E will self-perform the installation of the high voltage lines and related equipment and the removal of the existing overhead power lines and supporting poles.

On July 7, 2014, BAHA received PG&E's cost for its work in the amount of \$518,257. The cost has been reviewed by staff to ensure the work is consistent with the scope of the undergrounding work.

Recommendation

Staff recommends that this Committee authorize the Executive Director or his designee to negotiate and enter into a contract with PG&E electrical utility relocation in the amount of \$518,257.
