Programming and Allocations Committee**

MTC Resolution Nos. 3691, Revised, and 3914, Revised

**Subject:** Allocation of \$37.5 million in Regional Measure 2 (RM2) and AB1171 bridge toll funds for the Fairfield/Vacaville Intermodal Train Station.

**Background:** **Fairfield/Vacaville Intermodal Train Station:** The Train Station was part of the RM2 Strategic Delivery process, receiving funding transfers of approximately \$11 million from several projects in Solano County through revisions to MTC Resolution No. 3801, Revised, in May 2014. The project is being implemented by the City of Fairfield, in cooperation with the Solano Transportation Authority. Final design is complete for the project, and the construction bid package was advertised in July 2014 with awards expected later this fall.

The total project cost estimate is \$78 million. Current funding would allow for construction of the major project elements, including the rail passenger platform and amenities, a pedestrian underpass, and an overpass on Peabody Road. Future project elements, including a parking lot solar array and a station building, are subject to the City identifying additional funding.

Staff recommends an allocation of \$37.5 million in bridge toll funds, as follows:

- Allocation of \$9.0 million in AB 1171 Bridge Toll funds for construction (programmed through Commission action in November 2008).
- Rescission of \$1 million in RM2 funds from previous right-of-way allocation to project (reallocation to construction included below).
- Allocation of \$28.5 million in RM2 funds for construction.

This action would allocate all bridge toll funds programmed to the project.

**Issues:** None.

**Recommendation:** Refer MTC Resolution Nos. 3691, Revised, and 3914, Revised, to the Commission for approval.

**Attachments:** MTC Resolution Nos. 3691, Revised, and 3914, Revised.

ABSTRACT

MTC Resolution No. 3691, Revised

This resolution approves the allocation of Regional Measure 2 funds for the Capitol Corridor Station and Track Improvements project sponsored by the Capitol Corridor Joint Powers Authority and the Solano Transportation Authority.

This resolution includes the following attachments:

Attachment A - Allocation Summary Sheet

Attachment B - Project Specific Conditions for Allocation Approval

Attachment C - MTC staff's review of the Capitol Corridor Joint Powers Authority and Solano Transportation Authority's Initial Project Report (IPR) for this project

Attachment D - RM2 Deliverable/Useable Segment Cash Flow Plan

This resolution was revised on May 24, 2006 through Delegated Authority to allocate \$615,000 to the City of Fairfield, on behalf of the Solano Transportation Authority, for the environmental phase of the Fairfield Intermodal Station.

This resolution was revised through Delegated Authority on July 26, 2006 to rescind \$600,000 for the environmental study of this project. The Capitol Corridor Joint Powers Authority (CCJPA) utilized other funds to complete an initial environmental study, which provided sufficient direction to CCJPA to reconsider the Bahia-Benicia Siding Extension. The cost and schedule impacts of environmental permitting and mitigations would have been prohibitive and not cost effective. At this time the CCJPA is exploring another capacity enhancement project within the parameters of the legislation.

This resolution was revised on December 19, 2007 to allocate \$2.7 million to the CCJPA for construction of the Bahia-Benicia Crossover project in Solano County.

This resolution was revised to add preliminary engineering activities, to the scope of work for the \$615,000 in RM2 funds allocated to the City of Fairfield on May 24, 2006, towards the environmental phase of the Fairfield Intermodal Station.

This resolution was revised on July 27, 2011 to allocate to the City of Fairfield, \$3 million towards completion of final design and \$2.1 million towards right-of-way activities on the Fairfield/Vacaville Intermodal Train Station project.

This resolution was revised on October 22, 2014 to rescind \$1 million from the City of Fairfield from the July 27, 2011 right-of-way allocation, and to allocate \$28,485,126 to the City of Fairfield for construction of the Fairfield/Vacaville Intermodal Train Station.

Additional discussion of this allocation is contained in the Executive Director's memorandum to the MTC Programming and Allocations Committee dated April 13, 2005, and the Programming and Allocations Committee summary sheets dated December 12, 2007, July 13, 2011, and October 8, 2014.
