MTC Resolution No. 3721, Revised

- 
- Subject:** Allocation of \$8.3 million in Regional Measure 2 (RM2) Capital funds to the Contra Costa Transportation Authority (CCTA) for environmental and final design phases of the I-680 Southbound High-Occupancy Vehicle (HOV) Gap Closure and Express Lane Conversion project.
- Background:** The CCTA requests allocation of \$8.3 million in RM2 funds for the final design phase of the I-680 Southbound HOV Lane Gap Closure project between Treat Blvd. and Rudgear Road, and the environmental document and preliminary engineering phase for the I-680 Express Lane Conversion from Marina Vista Blvd. to Rudgear Road in Contra Costa County.
- The environmental document for the HOV Lane Gap Closure project was completed in August 2014. The environmental document for the Express Lane Conversion is expected to be completed in summer 2015. CCTA expects construction to begin in fall 2016.
- The total amount of RM2 funds available to the project is \$19.4 million, including \$5.4 million in RM2 fund savings from the Caldecott Tunnel project. With this allocation, the total amount of RM2 funds allocated to the project is \$15.1 million, leaving about \$4.3 million of RM2 funds unallocated.
- Issues:** MTC adopted the RM2 delivery strategy in May 2014, which included a plan to eliminate the funding shortfall for this project. The strategy included about \$5.4 million in RM2 from Caldecott Tunnel project savings, and the remainder is expected to come from future funds from Measure J, STIP, and Express Lanes Capital funding, pending action from the Bay Area Infrastructure Financing Authority (BAIFA). This action is consistent with the adopted RM2 delivery strategy.
- Recommendation:** Refer MTC Resolution No. 3721, Revised to the Commission for approval.
- Attachments:** MTC Resolution No. 3721, Revised.

**Project Specific Conditions**

Project Title: I-680 Southbound HOV Lane Gap Closure and Express Lane Conversion  
Sponsor: CCTA  
Implementing Agency: CCTA  
Project Number: 12.2

The allocation and reimbursement of RM2 funds for the above project are conditioned upon the following :

There are no project specific conditions. The general RM2 program conditions remain applicable.

**RM2 Project Number: 12.2**

**I-680 Southbound HOV Lane Gap Closure and Express Lane Conversion**

Lead Sponsor Contra Costa Transportation Authority	Other Sponsors(s) N/A	Implementing Agency (if applicable) Contra Costa Transportation Authority
Legislated Project Description Direct High-Occupancy Vehicle (HOV) lane connector from Interstate 680 to the Pleasant Hill or Walnut Creek BART stations or in close proximity to either station or as an extension of the southbound Interstate 680 High-Occupancy Vehicle Lane through the Interstate 680/State Highway Route 4 interchange from North Main in Walnut Creek to Livorna Road. Following adoption of the preferred alternative funds may be expended either to fund the preferred alternative or to extend the High-Occupancy Vehicle Lane as described.		
RM2 Legislated Funding (in \$1,000) \$19,425		Total Estimated Project Cost (in \$1,000) \$110,037
Project Purpose and Description As a result of the study completed under RM2 Project 12.1, County Connection and CCTA have adopted the I-680 Southbound HOV Lane Gap Closure as the preferred alternative. The purpose of adding an HOV lane in this segment of I-680 is to connect the existing HOV lanes in the SB I-680 corridor (from Treat to Rudgear), and encourage carpool and express bus usage. The addition of an HOV lane would increase highway capacity, improve HOV traffic flow on the corridor in southbound direction, and reduce peak-hour traffic delays. In addition, the project proposes to convert existing HOV lanes from Marina Vista Ave. to Rudgear Rd. to Express Lanes, utilizing the available capacity for single occupancy vehicles paying a toll electronically.		
Funding Description Committed Funds: The project has RM2, STIP, and Measure J funds committed. There are also Express Lane Capital Funds, pending BAIFA action. Uncommitted Funds: None. Operating Capacity: Caltrans will be the owner/operator of the HOV facility.
