FR: Policy Advisory Council

RE: Council Recommendations

As part of an informational update on the state's Cap & Trade programs, the Policy Advisory Council reviewed an overview of MTC staff's proposal to provide the Strategic Growth Council with a set of regional priority projects based on a set of principles. At its February 11th meeting, the Council unanimously voted to forward the following comments to the Commission regarding the principles:

1. Expand MTC's list of adopted transit priorities to include important documents such as the Coordinated Public Transit-Human Services Transportation Plan.
2. Staff should look further at other ways to avoid displacement and gentrification, including having deed-restrictive covenants put into affordable housing projects.
