## *Memorandum*

TO: BATA Oversight Committee

DATE: September 7, 2005

FR: Executive Director

RE: Contract Specification and Bid Documents for the Self-Anchored Suspension Bridge Contract For the San Francisco-Oakland Bay Bridge East Span Replacement Project: Addendum #1

In July 2005, the Authority approved the release of the contract specifications and bid documents for the re-bid of the Self-Anchored Suspension (SAS) Bridge Contract for the San Francisco-Oakland Bay Bridge East Span Replacement Project, and authorized the Executive Director to approve the release of any addenda to the bid documents. The Authority required that any addendum approved by the Executive Director be reported to the Authority for information.

The bid documents for the SAS contract were advertised on August 1, 2005. On August 5, 2005, at the request of Caltrans, the Executive Director approved release of Addendum #1 to the bid documents. Addendum #1 includes a revision to the teleconference call-in number for contractor's to participate by telephone in the bidder's conference that was held on August 16, 2005. Since the teleconference number was in the bid documents, it was required that the revision to the teleconference number be revised through an addendum.

At least two other addenda are scheduled to be issued prior to bid opening in February 2006. I will report action on these items to the Committee at the appropriate time.

---

Steve Heminger
