

Metropolitan Transportation Commission Programming and Allocations Committee

October 3, 2007

Item Number 5a

MTC Resolution No. 3830

Subject: Trade Corridors Improvement Fund (TCIF) Program Adoption.

Background: At your September meeting, staff provided you with an update on the TCIF program and a draft program of projects for your information. The TCIF program provides \$2 billion for improvements to the state's goods movement infrastructure for allocation by the California Transportation Commission (CTC). While the CTC has not yet finalized the schedule or criteria for project selection, the Secretary of Business, Transportation, and Housing, Dale Bonner, submitted a letter to the CTC requesting the CTC adopt by December 31, 2007, a program of TCIF investments (see Attachment 1). With that potential deadline, staff anticipates an accelerated schedule for program submissions to the CTC to be released shortly that could require project submittals as early as the end of October.

MTC is working with the San Joaquin, Sacramento and Stanislaus Councils of Governments, as well as the Port of Oakland and the Alameda Congestion Management Agency, to develop a comprehensive trade strategy and program. The draft program outlined in Attachment A to the resolution includes both Tier 1 and Tier 2 projects. It is identical to the list we shared with you last month. It is staff's intent that only Tier 1 projects, totaling roughly \$800 million, would be submitted to the CTC for the TCIF program. The projects are centered around two primary trade corridors in Northern California: the Central Corridor, roughly along I-80, and the Altamont Corridor, roughly along I-880/238/580. Both corridors are anchored at the Port of Oakland and include rail and highway projects.

Projects were initially screened based on: location within a major trade corridor, the availability of matching funds, and project readiness. Future evaluation criteria will also focus on trade mobility improvement, financial viability, deliverability and environmental considerations, including public health, and community support.

- Issues:**
1. The CTC has not yet provided a schedule or guidelines for project submittals. Therefore, staff may need to bring revisions to the October 3rd meeting and possibly to the Commission meeting on October 24th, responding to the dynamic process as it unfolds. The draft Program of Projects will be reevaluated in light of any guidance received from the CTC regarding the submission process and selection criteria.
 2. Specific questions outlined in the Executive Director Memorandum on the TCIF program dated September 12, 2007 and highlighted at the Programming and Allocations Committee meeting still remain regarding match availability for key highway projects and the operational and financial viability of short haul rail. Staff will continue

to evaluate projects, and may recommend a limited set of changes to the Program at the Commission meeting.

3. Our current draft Program of Projects seeks \$800 million in State TCIF funding, which represents 40% of the total amount available statewide. Like the Corridor Mobility Improvement Account (CMIA) program for highway projects, the TCIF program is expected to be extremely competitive – especially given the enormous and growing volume of goods entering the Ports of Los Angeles and Long Beach in Southern California.
4. We had the opportunity to brief the Bay Area Partnership on our proposed list of projects at their meeting on September 26th. We received a generally favorable response.

Recommendation: Refer MTC Resolution No. 3830 – the region’s Trade Corridor Improvement Fund Program – to the Commission for approval.

September 19, 2007

Mr. James Ghielmetti
Chairman
California Transportation Commission
1120 N Street
Sacramento, CA 95814

RE: Trade Corridors Improvement Fund

Dear Mr. Ghielmetti:

The Business, Transportation and Housing Agency (BTH) is aware and appreciates that the California Transportation Commission (Commission) has been working hard over the past several months developing a framework for allocating the \$2 billion portion of the Trade Corridors Improvement Fund (TCIF), with the intent to call for project nominations by the end of 2007 and programming funds by March 2008.

As you know, years of under-investment and rapidly increasing demand have resulted in a growing backlog of needed investments in infrastructure and environmental mitigation for goods movement, a vitally important component of California's economic engine. We estimate the highest priority needs require an investment of at least \$16-20 billion in the next decade, and unfortunately, the purchasing power of existing TCIF dollars diminishes each day owing to rising construction costs.

The Governor feels strongly that goods movement transportation needs in California should be addressed from a statewide, systemic viewpoint so that bottlenecks are not simply shifted from one area to another. Highest priority should be given to projects that improve the statewide goods movement transportation system and achieve overall positive environmental impacts.

Based on information that surfaced during the Commission's proceedings and BTH's recent stakeholders meetings, it is clear that immediate and bold action is required to resolve regional differences and advance the goods movement agenda for the benefit of the state as a whole to

James Ghielmetti
September 19, 2007
Page 2 of 4

ensure that systemic improvements are addressed. We have a concern that a funding strategy that relies on pre-determined regional funding targets may omit projects of systemic statewide importance.

The Administration's Goods Movement Action Plan (GMAP) released in January 2007 identifies priority projects and lays out a comprehensive plan to address California's present and future goods movement needs. In addition, the California Marine and Intermodal Transportation Advisory Council (CALMITSAC) report, mandated by the Legislature in 2004 and released in April 2007, endorsed a largely overlapping set of priority projects. Both reports recognize and incorporate material from related studies and place major emphasis on infrastructure improvements, environmental impacts and remedial strategies.

Many of these same priorities have been acknowledged by stakeholders that have participated in the Commission's goods movement workshops and our stakeholder meetings during the months of June and July in each of the four trade corridors identified in the GMAP and CALMITSAC report. The meetings confirmed a general consensus on the State's highest priorities, although there remain some differences among the regions relating to which projects should be funded first and in what amounts. The stakeholder meetings also revealed a growing concern among all parties that the problems caused by the delay in addressing goods movement system needs are getting worse, while progress in addressing obvious priorities is moving much too slowly, even though funding is now available.

In addition, while there is much that California itself can do to address the issues associated with goods movement, it is also a matter of vital *national* interest to help fund infrastructure and transportation systems that will keep pace with the growth in global trade, while protecting the health and quality of life for local communities that host this growing flow of traffic. Therefore, there must be a strong federal commitment to major investments that maintain and upgrade our freight transportation infrastructure.

Swift action by the Commission and regional stakeholders will serve the state well by helping to:

- (1) focus state and national attention on California's highest goods movement priorities;
- (2) maximize leveraging opportunities through encouragement of public-private partnerships and other sources of matching funds;
- (3) ensure that investments with inter-regional and statewide benefits will receive due consideration; and
- (4) accelerate the programming and delivery of vital infrastructure projects.

For these reasons, we are asking the Commission to adjust its current approach and adopt by December 31, 2007, a program of TCIF investments to begin addressing the widely acknowledged backlog of goods movement priorities. This timetable will permit the Administration to include a definitive TCIF proposal in the Governor's FY 2008-09 budget proposal and ensure that the

James Ghielmetti
September 19, 2007
Page 3 of 4

Legislature can be fully engaged in the appropriation process immediately upon receiving the budget proposal in January.

At the Commission's September 20 meeting, I will discuss with Commissioners in greater detail a proposed plan of action for adopting a program that: (1) addresses the state's most urgent needs; (2) balances the demands of large and small ports, as well as between seaports, airports, and land ports of entry; (3) provides reasonable geographic balance; and (4) emphasizes investments that improve trade corridor mobility while reducing diesel particulate and other emissions.

We believe a TCIF program can and should be adopted based on the guidelines and criteria set forth in the Bond Act. Any further guidelines or criteria the Commission or the Legislature may seek to adopt should take into consideration the impact on statewide interests and the delay in the allocation of TCIF dollars.

We appreciate the Commission's willingness to consider this approach and look forward to discussing how the Administration, the Commission and the Legislature can work with all interested parties to make timely and prudent investments that will improve the quality of life for all California residents.

Sincerely,

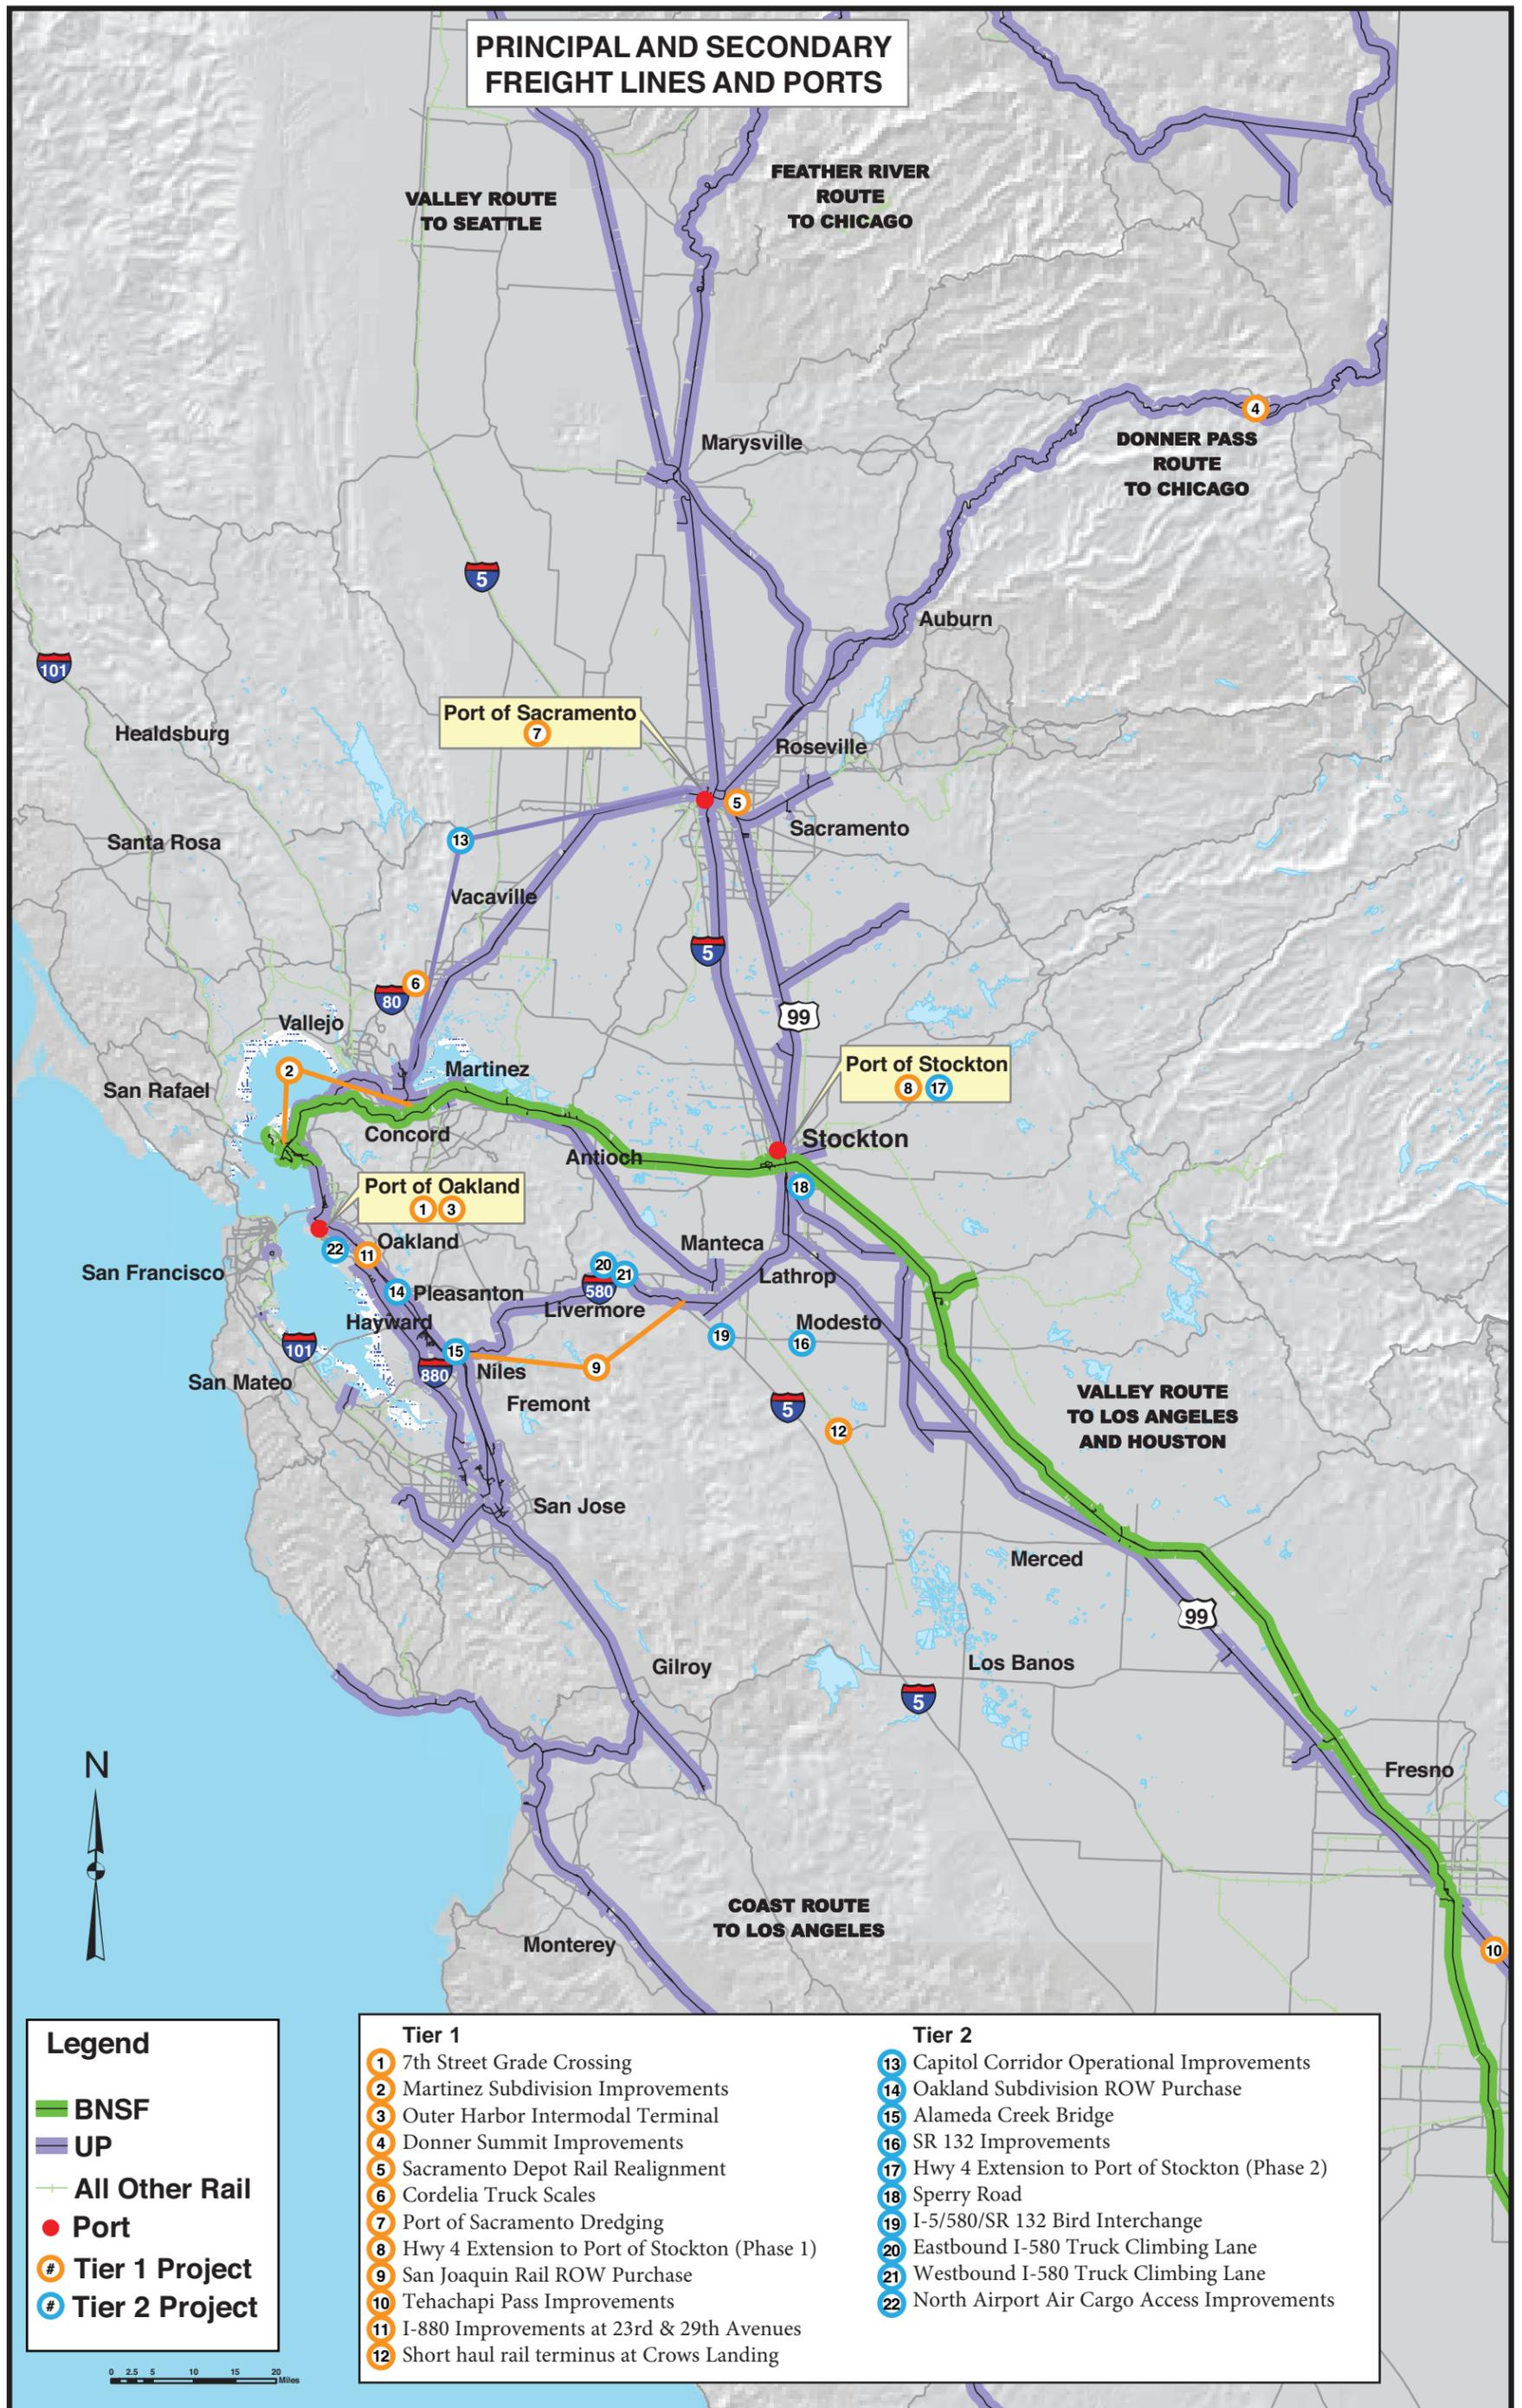

A handwritten signature in black ink, appearing to read "Dale E. Bonner", with a long horizontal flourish extending to the right.

ABSTRACT

Resolution No. 3830

This resolution adopts the Trade Corridor Improvement Fund (TCIF) Program of Projects for the San Francisco Bay Area for submission to the California Transportation Commission (CTC).

Further discussion of this action is contained in the Programming and Allocations Summary sheet dated October 3, 2007.

Attachment A – MTC TCIF Program of Projects

RE: Adoption of Trade Corridor Improvement Fund Program of Projects

METROPOLITAN TRANSPORTATION COMMISSION
RESOLUTION NO. 3830

WHEREAS, the Metropolitan Transportation Commission (MTC) is the regional transportation planning agency for the San Francisco Bay Area pursuant to Government Code Section 66500 *et seq.*; and

WHEREAS, MTC has adopted, pursuant to Government Code Sections 66508 and 65080, a Regional Transportation Plan (RTP); and

WHEREAS, MTC biennially adopts, pursuant to Government Code Section 65080, a Regional Transportation Improvement Program (RTIP) that is submitted, pursuant to Government Code Section 14527, to the California Transportation Commission (CTC) and the California Department of Transportation (Caltrans); and

WHEREAS, Senate Bill 1266 (2006) establishes the Trade Corridor Improvement Fund (TCIF) as part of the Highway, Safety, Traffic Reduction, Air Quality, and Port Security Fund of 2006; and

WHEREAS, MTC has developed, in cooperation with the Port of Oakland, the Sacramento, San Joaquin, and Stanislaus Councils of Governments, the Congestion Management Agencies, and local governments, a Program of Projects for the TCIF Program for submission and consideration by the CTC; and

WHEREAS, MTC's Programming and Allocations Committee has considered public comments and input and recommends adoption of the TCIF Program of Projects; now, therefore, be it

RESOLVED, that MTC adopts the TCIF Program of Projects, attached hereto as Attachment A and incorporated herein as though set forth at length, and finds projects in the MTC region to be consistent with the RTP or proposed changes to the RTP; and, be it further

RESOLVED, that MTC's adoption of the TCIF Program of Projects is for planning purposes only, with each project still subject to MTC's project review and application approval pursuant to MTC Resolution Nos. 3115 and 3075; and, be it further

RESOLVED, that the Executive Director shall forward a copy of this resolution, and such other information as may be required to the CTC, Caltrans, and to such other agencies as may be appropriate.

METROPOLITAN TRANSPORTATION COMMISSION

Bill Dodd, Chair

The above resolution was entered into by the Metropolitan Transportation Commission at a regular meeting of the Commission held in Oakland, California, on October 24, 2007.

PRELIMINARY: Trade Corridor Improvement Fund (TCIF) Program of Projects: These projects are preliminary staff recommendations and are subject to review and approval by regional policy boards.

Project #	Region/County sponsor	Projects	Project Cost Estimate	Trade	Match required	Match secured and fully funded	Source	GMAP Recommended Project for bond funding	Notes
-----------	-----------------------	----------	-----------------------	-------	----------------	--------------------------------	--------	---	-------

TIER 1									
Anchor									
costs in thousands									
1	ALA/Port	7th Street Grade Crossing	\$ 250,000	\$ 125,000	\$ 125,000	Y	Port	X	Match to come from the Port. Key grade crossing and overpass work at primary gateway to the Port.
2	ALA/Port	Martinez Subdivision Improvements	\$ 300,000	\$ 150,000	\$ 150,000	N	UP	X	UP has said they will be a contributing partner, but no specific dollar amount known yet. The project will increase capacity along the primary rail line in to the Port, and also the Capitol Corridors route. Grade crossings must be addressed.
3	ALA/Port	Construct Outer Harbor Intermodal Terminal	\$ 325,000	\$ 162,500	\$ 162,500	Y	Port	X	New intermodal rail terminal at the Port of Oakland to serve both UP and BNSF. Provides increased intermodal capacity to help divert a higher fraction of container traffic to rail instead of truck. Increases rail capacity from 1.2m TEUs to 3.1m TEUs.
Anchor Total			\$ 875,000	\$ 437,500	\$ 437,500				
Central Corridor									
4	SACOG	Donner Summit Improvements	\$ 90,000	\$ 45,000	\$ 45,000	Y	UP	X	UP has committed to provide the match (1:1). Passenger rail concessions from UP for Capitol Corridor service from Sacramento to Roseville and Auburn are necessary for support.
5	SACOG	Sacramento Depot Rail Realignment	\$ 50,000	\$ 20,000	\$ 30,000	Y	Local		Rail realignment; match already secured with local funds, greater than 1:1. Improves service efficiency and reliability for both UP and Capitols. Strong local support.
6	SOL	Cordelia Truck Scales	\$ 99,600	\$ 49,800	\$ 49,800	Y	Local	X	Match from bridge tolls. Project improves truck flows near I-80/680 interchange and reduces unsafe conditions of trucks queuing onto I-80 and difficult weaving patterns.
7	SACOG/Port	Port of Sacramento Dredging	\$ 70,502	\$ 10,000	\$ 10,000	N	Local		Deepening the channel from 30' to 35'. Match to come from Port of Sacramento operating funds. \$50-60m needs to come from Corps-because multi-year funding in which the Corps does it's budget (annual capability), the funds can be guaranteed only on an annual basis. Currently the Corps' FFY 2008 budget includes \$900,000, and \$600,000 has been proposed for the FFY 2009 budget.
Central Corridor Total			\$ 310,102	\$ 124,800	\$ 134,800				
Altamont Corridor									
8	SJ	Hwy 4 Extension to Port of Stockton (Phase 1)	\$ 120,000	\$ 60,000	\$ 60,000	Y	Local	X	Key access for the Port of Stockton; reduces major truck impacts on local community. Phase 1 match of \$60m from Measure K. Enterprise zone.
9	SJ	San Joaquin Rail Commission ROW purchase for future short haul service - Stockton to Fremont.	\$ 150,000	\$ 75,000	\$ 75,000	Y	ACE/RMK	X	Purchase of key segments of ROW. This is a critical foundation step to allow for eventual short haul rail service connecting the Central Valley to the Port. ACE match of \$75m from Regional sales tax. UP negotiations ongoing; therefore project cost in flux. Requires ROW to be made an eligible expense for bond funds. ACE currently operates on this ROW; multiple benefits from ownership. GMAP recommended continued investment on the Altamont Rail Corridor; this project provides foundation for rail shuttle.
10	Port State	Tehachapi Pass Improvements	\$ 82,000	\$ 41,000	\$ 41,000	Y	BNSF	X	Match from BNSF. Increases key capacity for both domestic export from Valley and transcontinental traffic from Port. Would open up rail capacity in the San Joaquin Valley.
11	ALA	I-880 Improvements @ 29th & 23rd Avenues	\$ 91,000	\$ 45,500	\$ 45,500	N	Local	X	Key truck access route to the Port with clearance issues and difficult on and off ramps. If match is not secured, becomes a Phase 2. Match possibly from local/regional highway funds, user fees or SHOPP.
12	Stan.	Short haul terminus at Crows Landing development	\$ 52,000	\$ 26,000	\$ 26,000	N	Local/private		Short haul rail terminus option. Stanislaus County requesting investment on rail corridor serving the proposed facility. Private developer contributing to match; value of county land committed to project proposed as additional match source. Requires either operating rights from UP along the Coast Subdivision or investments along East Bay (#14&15) connecting to the Port of Oakland, as well as access to intermodal facility at Port- timing and feasibility of which are unclear. Requires #9 above for mainline rail connection. Operating subsidy required.
Altamont Corridor Total			\$ 495,000	\$ 247,500	\$ 247,500				
TOTAL PHASE 1			\$ 1,680,102	\$ 809,800	\$ 819,800				

TIER 2									
Central Corridor									
13	MTC/SACOG	Capitol Corridor Operational Improvements	\$ 60,000	\$ 30,000	\$ 30,000	N	UP		Various rail upgrades along the corridor from Oakland to Sacramento. Improves service for both UP and Capitols.
Central Corridor Total			\$ 60,000	\$ 30,000	\$ 30,000				
Altamont Corridor									
Short haul rail: Bay Area - Central Valley									
14	ALA	Oakland Subdivision ROW Purchase	\$ 60,000	\$ 30,000	\$ 30,000	N	None		Short haul rail alignment option- links Niles Junction to Port of Oakland. Match would rely on larger Dumbarton project, which is underfunded and the project status unclear. Final cost is unclear as it will be a negotiation with UP. Not a top priority for the Port of Oakland.
15	ALA/SJ	Alameda Creek Bridge	\$ 32,000	\$ 16,000	\$ 16,000	N	None		Short haul rail alignment option- provides connection at Niles Junction to the Oakland Sub separating passenger and freight service. No match- was originally included as part of the Dumbarton Rail project but there is no funding available.
Altamont highway projects									
16	Stan.	Slate Route 132 Improvements	\$ 100,000	\$ 50,000	\$ 50,000	N	None		Expand capacity on Rt 132; 15 mile project to connect w/ SR99. Key truck route in the Valley. Have \$14m federal available for easternmost portion, and possible TCRP funds. Phasing and scope being determined. May require ROW purchase to be eligible.
17	SJ	Hwy 4 Extension to Port of Stockton (Phase 2)	\$ 100,000	\$ 50,000	\$ 50,000	N	TBD/local	X	Phase 2 of key Port of Stockton connection (#8). Match TBD.
18	SJ	Sperry Road	\$ 65,000	\$ 32,500	\$ 32,500	N	Local		Extension of Sperry Road results in a new east/west arterial connection bt I-5 and SR 99. Includes 3 grade separations. EIR is complete. Match possibly available in regional sales tax.
19	SJ	I-5/580 SR 32/Bird Interchange	\$ 41,000	\$ 20,500	\$ 20,500	Y	Local/private		Construction of new interchange on SR132 and widening of SR132 bt I-5/580. Would help serve aggregate businesses in the area. Match may come from private sector but is not committed.
20	ALA/ SJ	EB I-580 Truck Climbing Lane Over Altamont	\$ 60,000	\$ 30,000	\$ 30,000	N	Local	X	Match source needed. ITIP funds a possible match source. Strong support from Central Valley ag community. Caltrans staff is working on project development. Possible container fee match if highway projects are eligible.
21	ALA/ SJ	WB I-580 Truck Climbing Lane Over Altamont	\$ 50,000	\$ 25,000	\$ 25,000	N	Local	X	Match source needed. ITIP funds a possible match source. Strong support from Central Valley ag community. Caltrans staff is working on project development. Possible container fee match if highway projects are eligible.
22	ALA	North Airport Air Cargo Road Access Improvements	\$ 10,000	\$ 5,000	\$ 5,000	Y	Port		Project is first phase, another \$8.4M second phase for a later date. Match is Port funds. Improves capacity and access to North Airport air cargo tenants.
Altamont Corridor Total			\$ 518,000	\$ 259,000	\$ 259,000				
PHASE 2 TOTAL			\$ 578,000	\$ 289,000	\$ 289,000				
TOTAL PHASE 1 AND 2			\$ 2,258,102	\$ 1,098,800	\$ 1,108,800				

*Project numbers are NOT an indication of priority ranking. They are for identification purposes only.
